

**TWO NEW
“MUST-HAVE”
RESEARCH REPORTS
ON THE RENEWABLE
ENERGY SECTOR**

- A) “Renewable Energy Development in India – 2009”**
- B) “Biofuels in India”**

(For details, see overleaf)

RENEWABLE ENERGY DEVELOPMENT IN INDIA – 2009

Table of Contents (Release date: April 27, 2009. Number of pages: 300)

<p>1. OVERVIEW</p> <ul style="list-style-type: none"> - Energy Sector Overview - Role of Renewables - Market Drivers - Potential Market Size - Current Status by Technology - Issues and Challenges - Future Outlook <p>2. POLICY AND REGULATION</p> <ul style="list-style-type: none"> - Policy Framework in <ul style="list-style-type: none"> • National Action Plan for Climate Change • Electricity Act 2003 • Fiscal and Other Incentives - Institutional Framework - Regulatory Framework - Way Forward <p>3. FINANCING</p> <ul style="list-style-type: none"> - Review of Financing Options - Sources of Financing (including Carbon Financing) - Experience so far - Key Financing Agencies - Issues and Challenges <p>4. WIND ENERGY SECTOR</p> <ul style="list-style-type: none"> - Sector Overview - Size and Growth - Key Trends - Technology and Market Shares - Economics - Key Government Initiatives - Major Projects under Development - Major Players' Profiles - Issues and Challenges - Future Outlook <p>5. SOLAR ENERGY SECTOR</p> <ul style="list-style-type: none"> - Sector Overview - Size and Growth - Key Trends - Technology and Market Share - Economics - Key Government Initiatives - Major Projects under Development - Major Players' Profiles - Issues and Challenges - Future Outlook 	<p>6. BIOMASS ENERGY SECTOR</p> <ul style="list-style-type: none"> - Sector Overview - Size and Growth - Key Trends - Technology and Market Shares - Economics - Key Government Initiatives - Major Projects under Development - Major Players' Profiles - Issues and Challenges - Future Outlook <p>7. SMALL HYDRO POWER SECTOR</p> <ul style="list-style-type: none"> - Sector Overview - Size and Growth - Key Trends - Technology and Market Shares - Economics - Key Government Initiatives - Major Projects under Development - Major Players' Profiles - Issues and Challenges - Future Outlook <p>8. OTHER EMERGING RENEWABLE TECHNOLOGIES</p> <ul style="list-style-type: none"> - Bioethanol - Biodiesel - Fuel Cells - Hydrogen Energy <p>Each section will contain the current status and growth, key government initiatives and future potential.</p> <p>9. GLOBAL RENEWABLE ENERGY SCENARIO</p> <ul style="list-style-type: none"> - Current Market Size and Growth - Market Drivers - Key Global Trends and Challenges - Overview of Successful International Renewable Policies - Key Global Trends and Challenges - Future Outlook <p>10. APPENDIX</p> <ul style="list-style-type: none"> - Key Data and Statistics
---	--

“Renewable Energy Development in India - 2009” Report: List of Tables

1. OVERVIEW

- Per Capita Primary Energy Consumption (2007)
- Primary Energy Consumption in India (mtoe)
- Year-wise Installed Power Capacity (2001-09)
- India's Renewable Energy Potential
- India' Renewable Energy Achievements (January 2009)
- Policy Framework and Key Incentives for Renewable Technologies
- State-wise Wind Installed Capacity (September 2008)
- State-wise Grid connected Biomass and Cogeneration Power in 2007-08
- State-wise Installed Projects and Capacity for SHP in 2007-08

2. POLICY AND REGULATION

- State wise Renewable Purchase Obligations for 2008-09
- Feed-in Tariffs for Select States

3. FINANCING

- Budgetary Allocations during 2007-09 (Rs million)

4. WIND ENERGY SECTOR

- Wind Power Potential in India
- State-wise Gross and Technical Potential (September 2008)
- Year-wise Wind Installed Capacity Addition during 1999-2008 (MW)
- State-wise Generation from Wind Projects as on March 2008
- Technical Details of Some Models of Wind Electric Generators in India
- Incentives by Various State Governments to Private Sector WEGs
- Installed Capacity of Selected Private Wind Farm Developers in India
- Manufacturer-wise Wind Installed Capacity

5. SOLAR ENERGY SECTOR

- Solar PV Systems installed under the Solar Photovoltaic Program (January 2009)
- Solar Power Annual Demand
- Annual Production Growth of PV Cells and Modules in India (MW)
- End use of solar PV energy
- Silicon Usage in Crystalline Technologies (Grams per Watt)
- Thin Film Technology Market Share
- Comparison of Crystalline Silicon and Thin Film Based Technologies
- Cost Structure of Crystalline Silicon Value Chain
- Cost Structure of Thin Film Module
- Profitability Parameters for 100 MW Poly
- Crystalline and Thin Film Units
- Key Projects
- Key Projects Signed during Vibrant Gujarat Summit

6. BIOMASS ENERGY SECTOR

- State-wise Biomass Resource Availability
 - State-wise Trend of Cumulative Grid-connected Biomass and Cogeneration W)
 - State-wise Cumulative Grid-connected Biomass and Cogeneration Power till 112
 - Fuel Plan for a 7 MW Rankine Cycle Biomass Power Plant
 - Typical Composition of Biomass-based Producer Gas
 - Capital Subsidy for Bagasse Cogeneration and Biomass Gasifiers
 - Subsidy for Biogas-based Power Generation Plants
-
-

“Renewable Energy Development in India - 2009” Report: List of Tables

- Fiscal Incentives for Bagasse Cogeneration and Biomass Power Generation
- Bio-energy Project Summary of IREDA (as of August 2008)
- Policy for Cogeneration in Different States
- Policy for Biomass Power Generation in Different States
- Bagasse Cogeneration Projects in India with a Minimum of 10 MW Surplus Power
- Biomass Projects under Implementation by Orient Green Power Private Limited
- Project Summary of Orient Green Power Private Limited
- Project Summary of Netpro Renewable Energy (India) Limited
- Installations of Ankur Scientific Energy Technologies for Power Generation
- Project Summary of OVN Bio Energy Private Limited
- Project Summary of Chanderpur Works
- Equipment Manufacturers and Consultancies

7. SMALL HYDRO POWER SECTOR

- Sub-division of Small Hydro Power Projects
- SHP Potential in India
- Year-wise Capacity Additions
- State-wise Installed Capacity and Projects under Implementation up to 2007-08
- Private Sector Initiatives
- MNRE Incentives for SHP Promotion
- Policy for Water Mills
- Policy for SHPs in Different States
- Installed SHP Plants of 15 MW and Above
- SHP Plants of 10 MW and Above Under Implementation
- Major State Government Entities into SHP
- Major Private Sector Entities into SHP
- Manufacturers Producing Micro-hydel E quipment and Water Mills

8. OTHER EMERGING RENEWABLE TECHNOLOGIES

- Emissions from Geothermal Facilities Compared with Coal Facilities
- On-line Geothermal Capacity in the US as of March 2009 (MW)
- Geothermal Projects under Development in the US
- Applications of Fuel Cells in India
- Properties of Hydrogen vis-à-vis Other Conventional Fuels

9. GLOBAL RENEWABLE ENERGY SCENARIO

- Global Wind Power Installed Capacity 2008
- Top Ten Wind Turbine Manufacturers

LIST OF FIGURES

- Energy Flow Diagram for a 7 MW Biomass Power Plant
 - Energy Flow Diagram for a 1,063 kW Biogas Power Plant
 - Process Diagram for Bioethanol Production
 - Process Diagram for Biodiesel Production
 - Process Diagram for Geothermal Energy
 - Configuration of a Fuel Cell Vehicle
 - Year-wise Cumulative Global Installed Wind Capacity during 1996-2008 (MW)
 - Global Cumulative PV Capacities during 1999-2007(MW)
 - Country-wise Market Share of Global PV Cell Production in 2007
 - Most Significant Components of Renewable Energy Policy
-
-

BIOFUELS IN INDIA

Table of Contents (Release date: May 8, 2009. Number of pages: 234)

<p>1. EXECUTIVE SUMMARY</p> <p>2. INDUSTRY OVERVIEW</p> <p>3. SUPPLY</p> <ul style="list-style-type: none"> - Sector Overview - Industry Structure - Installed Capacity and Production, by State <ul style="list-style-type: none"> • Maharashtra, Uttar Pradesh, Gujarat, Karnataka, Andhra Pradesh, Tamil Nadu, Bihar - Installed Capacity and Production, by Company - Availability of Feedstock - Current Status - Outlook - Way Forward - Issues - Strategies <p>4. DEMAND</p> <ul style="list-style-type: none"> - Background - Current Status of Demand and Offtake (by state) - Current Status of Demand and Offtake (by company, including IOC, BPCL, HPCL) - Status of Ethanol Blending Programme, by State <ul style="list-style-type: none"> • Uttar Pradesh, Uttarakhand, Delhi, Haryana, Punjab, Himachal Pradesh, Rajasthan and Bihar, Jharkhand, West Bengal, Orissa, Gujarat, Goa, Maharashtra, Madhya Pradesh, Chhattisgarh, Karnataka, Andhra Pradesh, Kerala, Tamil Nadu - Alcohol Consumption – Competing User Segments <ul style="list-style-type: none"> • Potable • Industrial • Transport • Imports • Consumer Viewpoints - Key Issues and Strategies <p>5. ECONOMICS AND PRICING</p> <ul style="list-style-type: none"> - Prevalent Business Models - Pricing Basics - Pricing Trends - Cost Structure - Comparative Costs, by Feedstock (corn, sweet sorghum, molasses, sugarcane juice) - Comparative Costs, by End Product (ethanol, biodiesel) - Comparative Costs, by Origin (domestic ethanol, imported ethanol) - Key Challenges - Future Outlook 	<p>6. TRANSPORT AND LOGISTICS</p> <ul style="list-style-type: none"> - Supply Chain - Distribution Logistics - Retail <p>7. BIODIESEL</p> <ul style="list-style-type: none"> - Current Status <ul style="list-style-type: none"> • Cultivation Status • Production and R&D Status - Policy Moves - Key Governing Policies - Cost and Pricing - Issues and Challenges <p>8. POLICY, REGULATION AND INSTITUTIONAL FRAMEWORK</p> <ul style="list-style-type: none"> - Key Ministries - Policy Framework <ul style="list-style-type: none"> • National Biofuel Policy - Issues/Challenges <p>9. GLOBAL SCENARIO</p> <ul style="list-style-type: none"> - Global Ethanol Scenario <ul style="list-style-type: none"> • Key Drivers Across Countries • Global Demand, by Type, by Region • Global Supply, by Country • Imports • Exports • Various Prevalent Business Models • Costs Across Countries and Pricing Trends - Ethanol Industry in Brazil – An Example <ul style="list-style-type: none"> • Macroeconomic Scene • Agriculture Scenario – Sugarcane, Sugar and Ethanol • Investment Climate • Regulatory Environment • Key Market Statistics • Sourcing Economics from Brazil - Future Outlook and Impact on India <p>10. PROFILES OF KEY PLAYERS</p> <ul style="list-style-type: none"> • Leading Sugar Mills • Leading Distilleries • Leading Refiners • Others <p>11. APPENDIX</p>
--	--

“Bio Fuels in India” Report: List of Tables

2. INDUSTRY OVERVIEW

- Per Capita Primary Energy Consumption (2007)
- Primary Energy Consumption in India (mtoe)
- Fuel-wise Energy Consumption in 2007 (%)
- Roles and Responsibilities of Various Ministries
- Ethanol Production and Consumption
- Estimated Biodiesel Requirement (million litres)
- Feedstock Availability and Ethanol Production
- Biodiesel Manufacturing Facilities

3. SUPPLY

- Roles and Responsibilities of Other Government Departments/Ministries
- State Levies on Ethanol in the Notified States/UT under the Notification in October 2004

4. DEMAND

- Companies in Maharashtra Producing Ethanol in the 2007-08 Season
- Actual Ethanol Production as per EMAI
- Existing Ethanol Capacity and Production in Uttar Pradesh
- Existing ethanol capacity and production in Gujarat
- Existing Ethanol Capacity and Production in Karnataka
- Existing Ethanol Capacity
- Existing Ethanol Capacity and Production in Tamil Nadu
- Existing Ethanol Capacity and Production in Bihar
- Sugarcane Cultivation and Sugar Production Data
- State-wise Molasses Production ('000 tonnes)
- Molasses and ethanol production
- Import of Denatured Ethanol, Thousand Litres

5. ECONOMICS AND PRICING

- Tail Pipe Emission Standards in India
- Trend in Consumption of Petrol (million tonnes)
- State-wise Procurement of Ethanol by Companies up to September 2008 (Million Litres)
- Uttar Pradesh - Molasses production and consumption (lakh qtls)
- Uttar Pradesh - Ethanol Production and Consumption (million litres)
- Maharashtra - Ethanol Production and Consumption (million litres)
- Alcohol Production, Consumption and Imports 2003-09
- Trend in Petrol Consumption
- Projected Demand and Supply of Ethanol for 5 per cent Blending in Petrol
- Year wise Ethanol Production and Consumption in India 2001-07
- Import of Industrial Alcohol from 2001-06

6. TRANSPORT AND LOGISTICS

- Economics of Ethanol Production from Molasses
 - Revenues per 100 tonne of Sugarcane (Rs)
 - Delivered Cost of Ethanol
 - Taxes/Levies Imposed by Various State Governments on Ethanol (as of May 2007)
-
-

“Bio Fuels in India” Report: List of Tables

- Capital Cost of Ethanol Production using Different Feedstock, Rs million
- Cost Estimates for Biodiesel Production (22 tonnes per day capacity)
- Estimation of NABARD on yield and Income Levels from Jatropha Cultivation

7. BIODIESEL

- ASTM PS121 for B20
- Estimated Biodiesel Requirement (million litres)
- State-wise land indentified for biodiesel plantation
- Funds released for oil bearing plants cultivation
- Achievement of TBO Plantation in the Tenth Plan
- Designated Biodiesel Procurement Centres
- Available waste land in Chhattisgarh
- West Bangal Government's Biodiesel Plantation Programme (2005)
- Estimated Land Requirement by Indian Railways for 200 mpa diesel
- Production Plans of Select Private Biodiesel Producers

8. POLICY, REGULATION AND INSTITUTIONAL FRAMEWORK

-

9. GLOBAL SCENARIO

- World Liquid Fuels Consumption
- Biofuel Production 2007
- Biofuels Blending Mandates
- Biofuel Capacity in the US

10. PROFILES OF KEY PLAYERS

- Capacities in 2007-08 across Companies
 - Group Capacity Expansion and Production
 - Key Financial Indicators, Rs million
 - Production from Various Assets
 - OSML Key Assets
 - Key Financial Indicators, Rs million
 - Key Company Assets
 - Major Performance Parameters
 - Capacity Trends
 - Key Financials (Rs million)
 - Key Financials, June 2008 (Rs million)
 - Plant Production Details
 - Key Production Assets (Rs million)
 - Overseas Affiliates of Praj Industries
 - Key Financial Indicators (Rs million)
 - IOC's Fuel Ethanol Contract for E5 Programme
 - Key Financials (Rs million)
 - HPCL's Ethanol Requirement for E5 Programme (million litres)
 - BPCL's Ethanol Requirement for E5 Programme (million litres)
-
-

Renewable Energy & Bio Fuels Order Form

I would like to purchase the following reports:

- Renewable Energy Development in India-2009 for Rs 40,000 (\$923)
- Bio Fuels in India for Rs 40,000 (\$923)
- Both of the above for Rs 72,000 (\$1,667) (an additional 10% discount)

I am enclosing a cheque/demand draft for USD _____ vide cheque/demand draft no. _____ drawn on _____ dated _____ in favour of
