

“Power Transmission in India” Report

Table of Contents

I. Transmission System Development and Growth	VII. Intra-state Transmission Profiles
- Historical Growth and Development	- Key Facts
- Voltage Levels	- Transmission Corporation of Andhra Pradesh
- Existing Transmission Network	- Assam State Electricity Grid Corporation
- Future Developments: Development of a National Grid	- Bihar State Electricity Board
- Future Developments: Intra-state Transmission	- Chhattisgarh State Electricity Board
II. Key Players and Roles	- Delhi Transco
- NLDC, RLDCs and REBs	- Goa Electricity Department
- PGCIL	- Gujarat Electricity Transmission Company
- SEBs and Transcos	- Haryana Vidyut Prasaran Nigam
- CEA	- Himachal Pradesh State Electricity Board
- CERC and SERCs	- Jammu & Kashmir Power Development Deptment
- Private Transmission Utilities	- Jharkhand State Electricity Board
- Traders	- Karnataka Power Transmission Corporation
III. Key Developments, Trends and Issues	- Kerala State Electricity Board
- The Changing Scenario	- Madhya Pradesh Power Transmission Company
- Transmission Policy Development and Evolution	- Maharashtra State Electricity Transmission Company
- The National Tariff Policy	- Meghalaya State Electricity Board
- Unbundling	- Orissa Power Transmission Corporation
- Open Access	- Punjab State Electricity Board
- Open Access and Trading	- Rajasthan Rajya Vidyut Prasaran Nigam
- Interstate Trading	- Tamil Nadu Electricity Board
- Introduction of Availability-based Tariff	- Power Transmission Corporation of Uttaranchal
- The Grid Code	- Uttar Pradesh Power Corporation
- Use of Technology	- West Bengal State Electricity Board
- Private Sector Participation	VIII. Interstate Transmission Profiles
- Financing and State Investment Plans	- Key Facts
- Regulation	- PGCIL
IV. Transmission Tariffs and Policy	- BBMB
- Transmission Tariffs	- DVC
- The Tariff Policy, 2006	IX. Appendix
- Tariff Structure	- Electricity Act 2003
- Key Issues	- National Electricity Policy
V. Intra-state Transmission: Comparison	- Tariff Policy 2006
- Key Facts	- National Electricity Plan - Transmission
- Transformer Capacity	- Draft Regulations for Transmission Licensee
- Transmission Line Length	- Indian Electricity Grid Code
- Number of Substations	- CERC's Amendments to Open Access Regulation 2005
- Transmission Losses	- Transmission Lines and Substations Completed
- Transmission Expenditure	- List of Abbreviations
VI. Interstate Transmission: Comparison	
- Key Facts	
- Total Transformer Capacity	
- Total Transmission Line Length	
- Number of Substations
