# INDIAN TELECOM SECTOR OUTLOOK

## Road Ahead for 3G, Broadband and Infrastructure

### Table of Contents

---

#### 1. TELECOM SECTOR

- Introduction
- Current Status
- Key Trends
- Future Growth Drivers
- Consolidation and Industry Structure
- Emerging Competitive Landscape
- Investment Needs and Requirements
- Revenues and Profitability
- Evolving Policy and Regulatory Framework
- Forecasts and Projections
- Conclusion

#### 2. TELECOM INFRASTRUCTURE

- Introduction
- Current Status
- Rural Infrastructure Roll-Out
- Key Government Initiatives
- Key Trends
- Growth Drivers
- Emerging Industry Structure
- Emerging Business Models
- Active Infrastructure Sharing
- Revenues and Profitability
- Investment Needs and Requirements
- Evolving Regulatory Scenario
- Issues and Challenges
- Forecasts and Projections
- Conclusion

#### 3. 3G SERVICES

- Introduction
- Current Status
- Future Growth Drivers
- Emerging Competitive Landscape

- Operator Plans and Strategies
- Emerging Business Models
- Pricing Trends
- Technology Choices and Adoption
- Impact on Revenue and Profitability
- Investment Needs and Requirements
- Regulatory Framework
- Issues and Challenges
- Forecasts and Projections
- Conclusion

#### 4. BROADBAND

- Introduction
- Current Status
- Competitive Landscape
- Key Trends
- Future Growth Drivers
- Technology Choices and Adoption
- Issues and Challenges
- Evolving Policy and Regulatory Scenario
- Investment Needs and Requirements
- Impact on Revenues and Profitability
- Forecasts and Projections
- Conclusion

#### 5. APPENDIX

## List of Table

Telecom subscribers	Service area-wise 3G operators	Growth in telecom sector revenues
Yearly and average monthly mobile subscriber additions	List of operator application stores and offerings	E&Y's and OVUM's estimates of growth in wireless subscribers and teledensity
Growth in number of mobile data access users	3G alliances amongst licence-winning operators	E&Y's estimates of growth in wireline subscribers
Wireless telecom operators in India	Handset bundling offers by operators	Frost & Sullivan's estimates of growth in total subscribers
Wireline subscriber base (All-India)	Prepaid data packages offered by players in the Delhi circle	India Infrastructure Research's estimates of wireless subscribers
Yearly Internet subscriber base	Prepaid data package prices offered by players in the Mumbai Circle	India Infrastructure Research's estimates of wireline subscribers
Top 10 ISPs in India	Content tariff comparison for different operators	Market share of tower companies
Rural vs. urban wireless teledensity	Vendor-wise 3G network roll-out contracts	USOF's disbursement towards mobile infrastructure
Rural vs. urban subscriber base	Operator-wise investment on 3G network roll-out	Growth in telecom towers and tenancies
Operator-wise proportion of active mobile subscribers in total subscribers	E&Y's estimates of growth in 3G subscribers	Tower distribution among tower companies as of April 2009
Circle-wise MNP status	PwC's estimates of growth in 3G subscribers	Tower distribution among tower companies
Operator-wise MNP status	India Infrastructure Research's estimates of 3G subscribers	Tower share of operator-owned and independent tower companies
Select M&A deals in the telecom services space	Internet and broadband subscribers	Emerging business model
Operator-wise licence, spectrum, subscriber and operational details	Growth of wireless subscribers capable of accessing data services	RESCO model
Investment in the telecom sector during the Tenth and Eleventh Plans	Operator-wise optic fibre network	RAN sharing
Growth in segment-wise revenues	Operator-wise wireline subscribers	Internal rate of return for tower companies at various tenancy ratios
Growth in circle category-wise revenues	Service provider-wise internet and broadband subscribers	Ernst & Young's projections for telecom towers and tenancies
Growth in technology segment-wise MoUs (per month per user)	Herfindahl/Hirschman Index for top 10 ISPs	KPMG's projections for telecom tower additions
Growth in telecom operator revenues	Operator-wise details of data services as of March 2011	ICF International's tower demand projection
Growth in net profit of telecom operators	Key players in the enterprise data service market	India Infrastructure Research's tower projections
Growth in ARPUs of select operators	Operator-wise current status of BWA networks	Trends in 2.5G tariffs and subscriber growth
Spectrum available for telecom operators in different frequency bands	Segment-wise growth in broadband subscribers	Non-voice revenues as percentage of sales for mobile operators
Key recommendations for policy framework for the Indian telecom industry	Lowest broadband tariff plan offered by various service providers	Public vs private 3G subscriber base
PwC's estimates of total telecom subscribers (million) and penetration	Lowest 3G data tariff plan offered by various service providers	Subscriber market share of 2G and 3G operators
Trends in telecom tower and mobile subscriber growth	Comparative evaluation of deploying broadband technologies in India	Network operator-centric model
State-wise tower and BTS distribution	Current status of USOF's wireline broadband scheme	Content aggregator-centric model
Company-wise tower portfolio	Cost of OFC and end equipment	Current business model for VAS-offering services
Mobile network coverage of select operators	Details of cost of access aggregation and backhaul for all blocks across India	Emerging business model for VAS-offering services
Status of sites commissioned under the USOF	Operator-wise investment on BWA spectrum and network roll-out	International trends in contribution of non-voice revenue to total revenues of operators
Collection of UAL vis-a-vis allocation and disbursement of funds from USOF	Ernst & Young's estimates of broadband subscribers	Quarterly non-voice revenue contribution growth for Bharti Airtel and Idea Cellular
Commissioning status of towers (IP-wise) as of August 31, 2011 in rural and remote areas	Wireless and wireline broadband projections by the Government of India	Current and projected VAS revenue shares of different players
Commissioning status of towers (state-wise) as of August 31, 2011 in rural and remote areas	Household coverage required to achieve broadband targets	E&Y's estimates of growth in non-voice revenues
Details of villages where SMCF will be launched	Wireline and wireless broadband penetration projection	HSBC's estimates of growth in 3G subscribers
Roll-out plans for SMCF pilot project	Wireline and wireless broadband subscribers projection	Analysys Mason's estimates of 2G and 3G data users
Estimated cost savings resulting from infrastructure sharing	India Infrastructure Research's estimates of broadband subscribers	PwC's estimates of 3G penetration
India tower transactions – EV per tower and EV per tenant		Growth in internet and broadband subscribers
Estimated EV/EBITDA of India tower transactions (1 year forward)		Growth in revenues from enterprise segment
Key consolidation deals in 2009 and 2010		Enterprise data spend as a percentage of total spend
Pros and cons of pure capex model		Market share of ISPs
Pros and cons of partial capex model		Spectrum under consideration for BWA deployment worldwide
Pros and cons of partial opex model		Trends in wireline and broadband subscribers
Capex required for telecom towers		Broadband (DSL) subscriber's city-wise share for state-owned operators
TRAI's recommendations on issues related to telecom infrastructure policy		Estimated cost of optical fibre infrastructure
Growth of telecom tower industry and demand for diesel		Comparison with China over internet penetration
Operator-wise 3G licences, coverage and subscribers		Comparison with China over mobile penetration
Operator-wise comparison of data download speed on various technology platforms		
Decline in mobile handset prices		

### LIST OF FIGURES

Yearly telecom subscriber additions	Growth in internet and broadband subscribers
Technology-wise monthly mobile subscriber additions	Growth in revenues from enterprise segment
Growth in teledensity	Enterprise data spend as a percentage of total spend
Circle-wise monthly mobile net subscriber additions	Market share of ISPs
Circle-wise average monthly mobile net subscriber additions	Spectrum under consideration for BWA deployment worldwide
Rural vs. urban teledensity	Trends in wireline and broadband subscribers
Technology segment-wise mobile subscribers	Broadband (DSL) subscriber's city-wise share for state-owned operators
Total investments in telecom	Estimated cost of optical fibre infrastructure
FDI inflow in the telecom sector	Comparison with China over internet penetration
Market share of telecom operators	Comparison with China over mobile penetration
Private vs. government investment in the telecom sector during the Eleventh Five Year Plan	

Release Date: October 24, 2011 No. of pages: 202

# ORDER FORM

I would like to purchase the "Indian Telecom Sector Outlook" report for Rs 60,000.

I am enclosing a cheque/demand draft for Rs. \_\_\_\_\_, vide cheque/demand draft no. \_\_\_\_\_

drawn on \_\_\_\_\_ dated \_\_\_\_\_ in favour of "India Infrastructure Publishing Pvt. Ltd."

Signature

.....

Name (Block Letters) \_\_\_\_\_

Designation \_\_\_\_\_

Company \_\_\_\_\_

Mailing Address \_\_\_\_\_

Telephone \_\_\_\_\_ Mobile \_\_\_\_\_

Fax \_\_\_\_\_
