Catalogue of Research Reports on Infrastructure Sectors
- January 2016
India Infrastructure Research is a division of India Infrastructure Publishing Private Limited, a company dedicated to providing information on the infrastructure sectors through magazines, conferences, newsletters and research reports.

India Infrastructure Research publishes research reports in the areas of power, oil & gas, ports & shipping, roads & bridges, telecommunications, aviation and water.

Our reports are acknowledged as high-quality, user-friendly, up-to-date, accurate and comprehensive sources of information. They range from sector overviews (Power in India, for example) to more intensive studies of segments and subsegments (such as Power Transmission in India and Power Distribution in India).

Our clients include most organisations involved in the infrastructure sectors – multinationals, top Indian corporates, commercial and investment banks, consulting companies, public sector companies, government agencies, multilateral agencies and legal firms.

Table of Contents

SECTION A: MACRO ANALYSIS OF THE SECTOR

1. EXECUTIVE SUMMARY

2. OVERVIEW
   - Power Demand and Supply
   - Generation Capacity Trends
   - Key Trends and Developments
   - Plans and Targets
   - Key Issues and Challenges
   - Future Outlook

3. RECENT SIGNIFICANT DEVELOPMENTS
   - Policy Developments
   - New Government Initiatives
   - Key Regulatory Developments
   - Mergers & Acquisitions

4. POWER DEMAND AND SUPPLY
   - Macroeconomic Trends
   - Power Demand and Supply Trends
   - Power Deficit
   - Challenges in Meeting Power Demand
   - Power Demand Outlook and Projections

5. FUEL TRENDS
   - Demand, Supply, Imports, Prices, Outlook and Projections

6. KEY POLICY INITIATIVES
   - Fuel Supply Issues
   - Proposed Amendments to Electricity Act, 2003
   - Recommendations by Advisory Group
   - Statutory Clearances
   - Pilot Smart Grid Projects
   - Renewable Energy Thrust

7. COST AND TARIFFS
   - Generation Cost Trend, Cost of Supply, Tariff Trends and Impact on Discom Finances

8. KEY GOVERNMENT PROGRAMMES

9. REGULATORY OUTLOOK
   - Terms and Conditions of Tariff Regulations, 2014
   - Deviation Settlement Mechanism Regulations, 2014
   - Indian Electricity Grid Code Regulations, 2010
   - Grant of Connectivity, Long-term Access and Medium-term Open Access in ISTS Regulations, 2009
   - REC Regulations, 2010

10. FINANCING
    - Key Trends in Power Sector Financing
    - Investment Projections
    - Financial Closures
    - Mergers and Acquisitions
    - Financings Raised
    - Snapshot of Key Financing Entities

11. PROJECT PIPELINE
    - Overall Project Pipeline
    - Pipeline by Project Stage

12. OUTLOOK AND PROJECTIONS
    - Power Demand Projections
    - Capacity Addition Projections
    - Fuel Outlook
    - Projections for Renewable Energy Capacity
    - Policy Outlook

SECTION B: SEGMENT ANALYSIS

13. GENERATION
    - Size and Growth
    - Key Trends
    - Recent Significant Developments
    - Investment Requirements
    - Opportunities
    - Growth Drivers
    - Generation Outlook
    - Projections for Generation Capacity

14. POWER TRANSMISSION
    - Size and Growth
    - Interregional Capacity
    - Creation of a National Grid
    - Key Players
    - Private Sector Participation
    - High Capacity Power Transmission Corridors
    - Linkages with SAARC Countries
    - Transmission Infrastructure for Renewable Energy
    - Technology Trends
    - Technology Adoption by Powergrid
    - Twelfth Plan Targets and Progress
    - Thirteenth Plan Targets and Fund Requirement

15. DISTRIBUTION
    - Network Size and Growth
    - Key Trends
    - Recent Developments
    - Discom Finances
    - Investment Requirements
    - Opportunities
    - Growth Drivers
    - Future Outlook

16. RENEWABLE ENERGY
    - Size and Growth
    - Key Trends
    - Recent Significant Developments
    - State Policies and their Impact
    - Investment Requirements
    - Upcoming Opportunities
    - Growth Drivers
    - Outlook and Projections

17. POWER TRADING
    - Size and Growth
    - Trends in Power Exchanges
    - Trends in Bilateral Trading
    - Bilateral Trading Directly Between Discoms
    - Trends in REC Market
    - Challenges and the Way Forward

18. APPENDIX

The report is available along with a presentation in PDF format.
Table of Contents

SECTION A: POWER SECTOR OUTLOOK

1. KEY TRENDS AND DRIVERS ........................................
   - Introduction
   - Key Trends - Generation
   - Key Trends - Transmission
   - Key Trends - Distribution
   - Key Trends - Power Trading
   - Policy and Regulatory Developments
   - Summing Up

2. POWER DEMAND OUTLOOK ......................................
   - Introduction
   - Power Demand Projection
   - Industrial Demand for Power
   - Short-term and Long-term Power Demand
   - Summing Up

3. POWER SUPPLY PROJECTIONS ..................................
   - Introduction
   - Power Supply Projections based on Historical Growth Rates
   - Power Supply Projections based on Tracked Capacity
   - Power Supply Projections based on Fuel Constraints
   - Expected Renewable Energy Capacity Addition
   - Aggregate Capacity Addition Estimates
   - Projections for Power Generation
   - Expected Trends in Demand-Supply Gap
   - Conclusion

4. FUEL OUTLOOK ....................................................
   - Introduction
   - Coal
   - Gas
   - Conclusion

SECTION B: POWER EQUIPMENT MARKET OUTLOOK

5. BOILER, TURBINE AND GENERATOR MARKET ............... 
   - Introduction
   - Key Growth Drivers
   - Technology Trends
   - Order Flow
   - BTG Market Size Projection
   - Conclusion

6. BALANCE OF PLANT EQUIPMENT MARKET .................
   - Introduction
   - Key BoP Segments
   - Key Trends
   - Procurement Models
   - BoP Equipment Market Estimation
   - Issues and Challenges
   - Conclusion

7. T&D EQUIPMENT MARKET ........................................
   - Introduction
   - Growth Drivers
   - Equipment Trends
   - T&D Equipment Market Projections
   - Conclusion

8. RENEWABLE ENERGY EQUIPMENT MARKET ............... 
   - Introduction
   - Size and Growth
   - Equipment and Technology Trends
   - Projected Capacity Addition
   - Issues and Challenges

The report has two elements:
- 150+ Slide Presentation
- 100+ Page Written Report

The report is available along with a presentation in PDF format.
# Table of Contents

## 1. EXECUTIVE SUMMARY
- Introduction
- Key Players
- Transmission Line Length
- Transformer Capacity
- Growth in Number of Substations
- Interregional Capacity
- Generation Capacity versus Transmission Capacity
- Growth Drivers

## 2. SECTOR SIZE AND GROWTH
- Introduction
- Key Players
- Transmission Line Length
- Transformer Capacity
- Growth in Number of Substations
- Interregional Capacity
- Generation Capacity versus Transmission Capacity
- Growth Drivers

## 3. KEY RECENT DEVELOPMENTS (LAST 12 MONTHS)
- Line Length Addition
- Transformer Capacity Addition
- Recently Commissioned Transmission Projects
- Projects under Central Government's Transmission Schemes
- Regulatory Developments
- Key Policy Developments
- Recently Awarded Projects Under TBCB
- Smart Grid Technologies

## 4. REGULATORY DEVELOPMENTS
- Sharing of Inter-State Transmission Charges and Losses
  - Regulations, 2015
- Connectivity, LT and Medium Term Open Access
- Open Access in Inter-State Transmission
- Ancillary Services
- Framework for Forecasting, Scheduling & Imbalance Handling
- Indian Electricity Grid Code
- Deviation Settlement Mechanism

## 5. INTER-STATE COMPARISON
- Transmission Line Length
- Substation Capacity
- Transmission Losses
- Transmission System Availability and Capital Expenditure

## 6. TRANSMISSION TARIFFS
- Introduction, PoC Methodology, Formula for Computation of PoC
- Charges, Inter-state Transmission Tariffs
- Intra-state Transmission Charges
- Recent Amendments and Conclusion

## 7. HIGH CAPACITY POWER TRANSMISSION CORRIDORS
- Inter-regional Transfer Capacity
- Key Drivers for HCPTCs
- Proposed HCPTCs
- HCPTC-I: IPP Projects in Odisha
- HCPTC-II: IPP Projects in Jharkhand and West Bengal
- HCPTC-III: IPP Projects in Sikkim
- HCPTC-IV: IPP Projects in Chhattisgarh and Madhya Pradesh
- HCPTC-V: IPP projects in Chhattisgarh
- HCPTC-VI: IPP Projects in Andhra Pradesh
- HCPTC-VII: Tittelcorin Area IPP Projects
- HCPTC-VIII: IPP Projects in Srikakulam Area
- HCPTC-IX: Inter-regional System Strengthening Scheme for NR & WR
- HCPTC-X: IPP Projects in Vemagiri Area
- HCPTC-XI: IPP Projects in Nagapattinam/Cuddalore Area

## 8. PRIVATE SECTOR PARTICIPATION
- Frameworks for Private Participation in Transmission
- Competitive Bidding Experience
- Projects Awarded to Private Players through TBCB
- Pipeline of Projects to be Awarded through TBCB
- Project Identified for Award through TBCB
- TBCB Experience so Far and Key Issues
- Private Participation in Intra-State Projects
- Intra-state Projects - Rajasthan
- Intra-state Projects - Maharashtra
- Intra-state Projects - Other States

## 9. GRID INTEGRATION OF RENEWABLE ENERGY
- Renewable Energy Capacity Addition Plans
- Key Challenges in Grid Integration of Renewable Energy
- Green Energy Corridors
- Role of Renewable Energy Management Centres
- Desert Power Plan
- Regulatory Initiatives

## 10. CROSS-BORDER INTERCONNECTIONS
- Introduction, India-Bangladesh Interconnections, India-Bhutan Interconnections, India-Nepal Interconnections, Issues and Challenges and Outlook

## 11. FUTURE OUTLOOK AND PROJECTIONS
- Network Expansion, Investments, Private Participation, Policy and Regulatory Outlook & Technology Trends

## 12. EQUIPMENT MARKET OUTLOOK
- Introduction, Tenders, Conductors, Insulators, Transformers, Switchgear Equipment and Conclusion

## SECTION B: TRANSCO PROFILES

### 13. CENTRAL TRANSMISSION UTILITIES
- Power Grid Corporation of India Limited
- Damodar Valley Corporation
- Bhakra Beas Management Board

### 14. STATE TRANSMISSION UTILITIES
- Maharashtra State Electricity Transmission Company Limited
- Gujarat Energy Transmission Corporation Limited
- Uttar Pradesh Power Transmission Corporation Limited
- Transmission Corporation of Andhra Pradesh Limited
- Transmission Corporation of Telangana Limited
- Tamil Nadu Transmission Corporation Limited
- Rajasthan Rajya Vidyut Prasaran Nigam Limited
- Karnataka Power Transmission Corporation Limited
- Madhya Pradesh Power Transmission Company Limited
- West Bengal State Electricity Transmission Company Limited
- Kerala State Electricity Board
- Delhi Transco Limited
- Orissa Power Transmission Corporation Limited
- Chattisgarh State Power Transmission Corporation Limited
- Jammu and Kashmir Power Development Department
- Power Transmission Corporation of Uttarakhand Limited
- Bihar State Power Transmission Company Limited
- Assam Electricity Grid Corporation Limited
- Himachal Pradesh Power Transmission Corporation Limited
- Jharkhand State Electricity Board
- Meghalaya Power Transmission Corporation Limited
- Tripura State Electricity Corporation Limited

### 15. PRIVATE TRANSMISSION COMPANIES
- Reliance Infrastructure
- Sterlite Technologies Limited
- Adani Power Limited
- Essar Power Transmission Company Limited
- Essel Infraprojects Limited
- L&T Infrastructure Projects Limited
- Techno Electric & Engineering Company Limited
- Others
- (GMR Energy, Enco Limited, Kalpataru Power Transmission, Isolux Corsan Concessions, Instalaciones Irabuenas, RattanIndia Power Limited, Cobra Instalaciones, Megha Engineering and Infrastructures, Patel Engineering, BS Limited, Simplex Infrastructure)

---

The report is available in a presentation format (PDF).
SECTION A: TRENDS, COMPARISON AND ANALYSIS

1. EXECUTIVE SUMMARY

2. NETWORK SIZE AND GROWTH
   - Line Length
   - Transformer Capacity
   - Substations
   - Feeders

3. CAPITAL EXPENDITURE
   - Size and Growth
   - Recent Trends
   - Key Components
   - Planned Capex

4. OPERATIONAL PERFORMANCE
   - Consumer Mix
   - Growth in Number of Consumers
   - Trend in Energy Sales
   - Category-wise Energy Sales
   - AT&C Losses
   - Metering Status
   - Reliability Indices

5. FUTURE OUTLOOK AND PROJECTIONS
   - Power Demand Projections
   - Projections of Energy Sales by Utilities
   - Projections of Number of Consumers
   - Projections of Distribution Line Length
   - Projections of Transformer Capacity
   - Projections of Number of Substations
   - Metering Addition Requirements
   - Projected Capex and Investment Requirements

SECTION B: DISCOM PROFILES

6. COMPANY PROFILES
   - Andhra Pradesh
   - Assam
   - Bihar
   - Chhattisgarh
   - Delhi
   - Gujarat
   - Haryana
   - Himachal Pradesh
   - Jammu & Kashmir
   - Jharkhand
   - Karnataka
   - Kerala
   - Madhya Pradesh
   - Maharashtra
   - Meghalaya
   - Odisha
   - Punjab
   - Rajasthan
   - Tamil Nadu
   - Telangana
   - Tripura
   - Uttarakhand
   - Uttar Pradesh
   - West Bengal
Discom Finances, Power Purchase Costs and Tariffs

(August 2015)  (No. of slides: 454)

Table of Contents

SECTION A: TRENDS, COMPARISON AND ANALYSIS

1. EXECUTIVE SUMMARY

2. DISCOM FINANCES
   - Revenues
   - Expenses
   - Gross Profit/Loss
   - Net Profit/Loss
   - Subsidies
   - Break-up of Costs
   - Key Ratios
   - AT&C Losses

3. DISCOMS’ COST OF POWER PURCHASE
   - Inter-Discom Comparison
   - Share of Power Purchase Cost in Total Cost
   - Long-term vs. Short-term Power Purchase Cost
   - Factors Impacting Power Purchase Costs
   - Source-wise Power Purchase Cost
   - Summing up

4. TARIFF TRENDS
   - Historical Tariff Revisions (up to 2014-15)
   - Recent Tariff Revisions (2015-16)
   - Customer Category-wise Tariffs
   - Fuel and Power Purchase Price Adjustment
   - Way Forward

5. FUTURE OUTLOOK AND PROJECTIONS
   - Long-term Power Purchase Costs
     - Linkage coal
     - Fuel Mix
     - International Coal Prices
     - Coal Block Auctions
     - LNG Auctions
     - Competitive bidding tariffs
   - Short term Power Costs
   - Retail Tariffs
   - Discom Finances

SECTION B: DISCOM PROFILES

6. COMPANY PROFILES
   - Andhra Pradesh
   - Assam
   - Bihar
   - Chhattisgarh
   - Delhi
   - Gujarat
   - Haryana
   - Himachal Pradesh
   - Jammu & Kashmir
   - Jharkhand
   - Karnataka
   - Kerala
   - Madhya Pradesh
   - Maharashtra
   - Meghalaya
   - Odisha
   - Punjab
   - Rajasthan
   - Tamil Nadu
   - Telangana
   - Tripura
   - Uttarakhand
   - Uttar Pradesh
   - West Bengal

The report is available in presentation format.
Table of Contents

1. EXECUTIVE SUMMARY
2. CAPTIVE POWER OVERVIEW
   - Size and Growth
   - Key Growth Drivers
   - Key Trends
   - Plans and Investments
   - Future Outlook
3. KEY DEVELOPMENTS (OVER LAST 1 YEAR)
   - Industrial and Economic Scenario
   - Policy and Regulatory Developments
   - Key Projects and Investments
   - Captive Power Capacity Addition
   - Trends in Energy Costs
4. TOTAL INSTALLED CAPACITY ANALYSIS
   - Estimated Total Captive Capacity
   - Size Distribution of Captive Capacity
   - Captive Power across Major Fuel Types
   - Captive Capacity across Industries
   - Captive Power across States
5. GRID POWER TARIFFS
   - Industrial Power Tariff by State
     - HT Tariff
     - LT Tariff
   - Recent Tariff Revisions
   - Industrial Tariff Trends
     - HT Tariff
     - LT Tariff
   - Open Access Charges
   - Cross Subsidisation Trends
   - Future Outlook
6. CAPTIVE POWER ECONOMICS
   - Technology Options
     - Capex/Opex by Fuel Type and Size
       - Coal-based (Steam Turbines)
       - Gas-based (Gas Turbines)
       - Liquid Fuel-based (Diesel Engines/Gensets)
   - Fuel Outlook
     - Demand, Supply and Pricing
       - Coal
       - Gas
       - Liquid Fuel
   - Key Drivers
   - Outlook by Major Fuel Types
     - Coal
     - Gas
     - Liquid Fuel
   - Issues and Challenges
7. FUEL OUTLOOK
8. CAPTIVE POWER FROM RENEWABLE SOURCES
   - Policy Support and Incentives
   - Bagasse-based Captive Power
   - Biomass-based Captive Power
   - Wind-based Captive Power
   - Solar-based Captive Power
9. EMERGING CAPTIVE POWER MODELS
   - Hybrid
   - Group Captive
   - Multi-fuel
   - Rental
   - Others
10. SALE OPTIONS FOR CAPTIVE POWER GENERATORS
    - Selling to Local Discoms
    - Inter-State Trading Licensees
    - Power Exchanges
    - Volume and Price Trends of Short-term Power Market
    - Key Issues
    - Outlook
11. POLICY AND REGULATION
    - Policy Framework
    - Regulatory Framework
      - Open Access
      - Wheeling and Banking
      - Third Party Sale
      - Others
      - Renewable Purchase Obligations
      - Issues and Challenges
12. FUTURE OUTLOOK AND DEMAND PROJECTIONS
    - Introduction
    - Key Drivers for Future Demand
    - Expected Capacity Addition
    - Issues and Challenges
13. ILLUSTRATIVE CASE HISTORIES
    (Profiles of 15-20 captive power plants with information on capacity, location, fuel type, generation, cost of power, expansion plans, etc.)
DATABASE OF CAPTIVE POWER PLANTS
(The most comprehensive database of captive power plants covering more than 2,500 captive power plants with information on owner, capacity, location and fuel type)

The report is available along with a presentation in PDF format.
ENERGY

Coal in India 2015 (December 2015)
Price: Rs 60,000 (USD 1,367)

Table of Contents

SECTION A: SECTOR OVERVIEW

1. EXECUTIVE SUMMARY ..............................................

2. OVERVIEW ..............................................................
- Primary Energy Consumption in India
- Coal Demand-Supply Scenario
- Pricing Trends
- Coal Imports
- Issues and Challenges
- Future Outlook

3. RECENT POLICY DEVELOPMENTS (LAST ONE YEAR) ..........
- Coal Block Auctions
- Allocation of Coal Blocks to Public Sector Companies
- Proposed Auction of Coal Linkages
- Ministry’s One billion tonnes Production Target
- Rationalisation of Linkages to Thermal Power Plants

4. COAL BLOCK AUCTIONS .............................................
- Blocks Awarded so far
- Allottees
- Bid Price Analysis
- Present Status
- Expected Production
- Future Outlook

5. COAL RESERVES ......................................................
- By Type of Coal, State, Mine, Nature of Reserves
- Trend in Exploration by CMPDI

6. DOMESTIC SUPPLY ...................................................
- Coal Production Trend
- Demand Supply Gap
- CIL’s Production Plans by 2020
- Plans of SCCL
- Expected Production from Coal Blocks Awarded
- Future Outlook

7. KEY CONSUMER SEGMENT – POWER .........................
- Coal Demand
- Coal Availability and Stocks at Thermal Power Stations
- PLF Trends of Thermal Power Stations
- Generation Loss due to Coal Shortages
- Coal Import by Power Sector
- Growth Drivers and Demand Outlook

8. KEY CONSUMER SEGMENTS – OTHERS (STEEL, CEMENT, SPONGE IRON, ETC.) ..........................................
- Coal Demand
- Sources of Supply
- Import Trends
- Growth Drivers and Future Outlook

9. PRICE TRENDS .........................................................
- Domestic Coal Prices (Linkage coal)
- E-Auction Prices
- Global Price Trends
- Future Outlook and Projections

10. COAL IMPORTS AND GLOBAL TRENDS .....................
- Import Trends
- Key Sources of Imports
- Global Demand-Supply Trends
- Recent Trend in Prices
- Future Outlook

11. COAL TRANSPORTATION AND LOGISTICS ..................
- Share of Various Modes in Coal Transport
- Railways Infrastructure for Coal Transport
- Status of Critical Rail Connectivity Projects
- Ports Capacity for Handling Coal
- Upcoming Railways and Ports Capacity
- Key Issues and Challenges

12. COAL WASHING ..........................................................
- Coal Washing Capacity in India
- MoEF&CC Regulations
- Coal Washing Trends
- Key Players
- Upcoming Coal Washing Capacity

13. TECHNOLOGY AND EQUIPMENT ...............................
- Major Equipment used by CIL
- Technology Trends in Dumpers and Dozers
- Use of Surface Miner Technology for Opencast Mining
- Use of New Technologies for Underground Mining
- Issues and Challenges

14. FOCUS ON UNDERGROUND MINING ...........................
- Share of Underground Mining
- Underground Mining Production Trend
- Economics of Underground versus Opencast Mining
- Productivity of Underground versus Opencast Mining
- Challenges in Underground Mining
- Future Outlook

15. MARKET OPPORTUNITY FOR MDOS .....................
- Advantages of MDO Model
- Key Players
- CIL’s Plans for Appointment of MDOs
- Recent Experience
- Issues and Challenges

16. FUTURE OUTLOOK AND PROJECTIONS (TILL 2019-20) ....
- Demand, Domestic Supply and Imports
- Overall Sector Outlook

SECTION B: COAL PRODUCER PROFILES

17. COAL INDIA LIMITED AND ITS SUBSIDIARIES ..........

18. SINGARENI COLLIERIES COMPANY LIMITED ............

19. NEYVELI LIGNITE CORPORATION ..............................

20. LEADING CAPTIVE PLAYERS ....................................
Each player profile will cover Allotted Coal Blocks, Reserves, End-use, Price Bid, Present Status, Expected Production
- GMR, CESC, Essar Power, Monnet Power, Adani Power, Hindalco, Jaiprakash Group, JSW Steel, Ultratech Cement, Ambuja Cement, Others

The report is available in a presentation format (PDF).
# Table of Contents

1. **EXECUTIVE SUMMARY**

2. **OVERVIEW**
   - Power Generation Trends
   - Fuel Mix in Power Generation
   - Power Demand and Supply
   - Capacity Addition Projections
   - Issues and the Way Forward

3. **RECENT DEVELOPMENTS**
   - Deallocation of Coal Blocks and Subsequent Actions
   - Capacity Addition
   - Coal Supply Assurance to Power Plants
   - Steps to Enhance Production
   - Rationalisation of Linkages
   - CERC’s New Tariff Norms
   - Environmental Clearances
   - Costs and Tariffs
   - Recent Acquisitions

4. **SIZE AND GROWTH**
   - Growth in Installed Capacity. Analysis of Existing Capacity,
   Key Growth Drivers, Issues and Challenges

5. **BACKGROUND ON CAPTIVE COAL MINING**
   - Background, Allocation Trend, Production Trend, Methodology for Future Allocation

6. **HIGHLIGHTS OF SUPREME COURT’S OBSERVATIONS AND VERDICT**
   - Background
   - Supreme Court’s Observations
   - Key Highlights of the Verdict

7. **IMPACT OF COAL BLOCK DEALLOCATION**
   - Impact on Coal Production and Imports
   - Impact on Power Sector
   - Impact on the Banking Sector
   - Options for Meeting Demand
   - The Road Ahead

8. **ORDINANCE AND DRAFT RULES FOR REALLOCATION OF COAL BLOCKS**
   - The Coal Mines (Special Provisions) Ordinance, 2014
   - The Coal Mines (Special Provisions) Rules, 2014 (Draft)
   - Industry and Analysts’ Views on the Draft Rules

9. **GENERATION PERFORMANCE**
   - Generation Trends
   - Impact of Coal Shortages on Generation
   - PLF Trends
   - Operating Performance
   - Conclusion

10. **PROJECTS MOST AFFECTED BY COAL SHORTAGES**
    - Commissioned Projects with No Supply
    - Upcoming Commissionings with No Linkages
    - Projects at Low Utilisation Levels
    - Conclusion

11. **NEW PROJECT PIPELINE AND OUTLOOK**
    - Current Project Pipeline
    - Post-Election Outlook
    - Impact of New Government Policies on Key Projects
    - Impact of New Government Policies on Project Pipeline
    - Market Opportunities
    - The Way Forward

12. **NEW GOVERNMENT INITIATIVES FOR IMPROVING COAL SUPPLY TO POWER SECTOR**
    - Coal Supply Assurance to Projects to be Commissioned by March 2015
    - Optimisation of Coal Linkages
    - Reduction in E-auction Quantity
    - Expediting Critical Coal Linkages

13. **GENERATION COSTS AND TARIFFS**
    - Trends in Generation Costs
    - Factors Impacting Cost of Generation
    - Tariff Trends
    - Tariffs Discovered under Recent Case 1 and 2 Bids
    - Outlook for Costs and Tariffs

14. **FINANCING**
    - Sources of Financing
    - Trends in Coal-based Generation Projects’ Financing
    - Financial Closures
    - Financings Raised
    - Analysis of Stressed Assets

15. **EVOLVING POLICY AND REGULATORY SCENARIO**
    - Re-allocation of Cancelled Coal Blocks
    - New Standard Bidding Documents
    - CERC’s Tariff Regulations
    - Other Policies and Regulations

16. **COAL DEMAND-SUPPLY SCENARIO**
    - Coal Demand for Thermal Power Plants
    - Supply from CIL and SCCL
    - Coal Demand-Supply Gap
    - Captive Coal Production
    - Impact of Coal Block Deallocation on Production
    - Projections of Coal Demand and Supply

17. **OVERSEAS SOURCES OF SUPPLY**
    - Trend in Coal Imports
    - Coal Imports Across Major Countries
    - Price Trends
    - Overseas Mine Acquisitions
    - Global Demand-Supply Scenario

18. **COAL PRICES**
    - Domestic Coal Prices, E-Auction Prices, Global Price Trend, Price Forecasts

19. **ENVIRONMENTAL ISSUES**
    - Existing Environmental Regulations
    - Fly Ash Generation And Utilisation
    - Coal Washing
    - Technology Developments to Mitigate Environmental Impact

20. **FUTURE OUTLOOK**
    - Capacity Addition Outlook
    - Coal Demand and Supply Outlook
    - Investment Requirement
    - Outlook on Generation Tariffs
    - Issues and Challenges

21. **APPENDIX**

The report is available along with a presentation in PDF format.
## Table of Contents

**SECTION A: OVERALL SECTOR REVIEW**

1. EXECUTIVE SUMMARY

2. SIZE AND GROWTH
   - Introduction
   - Capacity and Potential
   - Growth Drivers
   - Capacity Addition
   - Issues and The Way Ahead

3. RECENT DEVELOPMENTS
   - Introduction
   - Capacity Addition
   - Generation Performance
   - Environmental Clearances
   - Tariffs
   - Recent Financings
   - Stalled Projects
   - Other Key Developments
   - Summing up

4. PROJECT PIPELINE
   - Introduction
   - Current Project Pipeline
   - Post Election Outlook
   - Impact of New Government on Key Projects
   - The Way Forward

5. ANALYSIS OF PROJECT DELAYS
   - Introduction
   - Average Delay Time and Key Reasons
   - Cost Implications
   - Key Strategies for Delay Mitigation
   - Case Studies
   - Conclusion

6. ECOLOGICAL IMPACT AND ENVIRONMENTAL ISSUES
   - Introduction
   - Status of Environmental Clearance
   - Recent Clearances Awarded
   - Projects Impacted by Environmental Issues
   - Policy Expectations
   - Initiatives by New Government
   - The Way Forward

7. OPPORTUNITIES IN KEY STATES
   - Introduction
   - Himachal Pradesh
   - Uttarakhand
   - Jammu & Kashmir
   - Sikkim
   - Issues and Challenges
   - The Way Forward

8. FOCUS ON NORTHEAST STATES
   - Introduction
   - Hydro Power Potential in The Northeast
   - Existing Capacity
   - Upcoming Capacity
   - Environmental Issues and Other Key Challenges
   - Power Evacuation for Projects Under Construction
   - Conclusion

9. OPPORTUNITIES IN NEIGHBOURING COUNTRIES
   - Introduction
   - Hydro Power Potential in Neighbouring Countries
   - Key Partnership Opportunities
   - Existing Projects
   - Upcoming Projects
   - Cross-Border Transmission Infrastructure
   - Future Outlook

10. PROJECT ECONOMICS
    - Introduction
    - Capital Cost
    - Operating Expenditure
    - Factors Impacting Costs
    - The Way Ahead

11. TARIFFS
    - Introduction
    - Key Tariff Components
    - Hydro Power Project Tariffs
    - Tariff Trends
    - Future Outlook

12. FINANCING
    - Introduction
    - Recent Financings
    - Mergers and Acquisitions
    - Investment Requirements
    - Issues and The Way Forward

13. EQUIPMENT MARKET OUTLOOK
    - Introduction
    - Ordering Status and Trends
    - Equipment Requirement for Upcoming Capacity
    - Technology Trends
    - Key Players

14. FUTURE OUTLOOK
    - Introduction
    - Capacity Addition Outlook
    - Plans and Investments
    - Policy Outlook
    - Key Challenges

**SECTION B: PROJECT PROFILES**

15. PROJECT PROFILES
    - Central Sector Projects
    - State Sector Projects
    - Private Sector Projects

16. PROJECTS UNDER SURVEY & INVESTIGATION
    - Key Data
    - List of Hydro Electric Schemes Under Survey & Investigation in The Country
    - Summary

17. APPENDIX
    - The report is available along with a presentation in PDF format.
Gas in India 2015 (August 2015)

Marketplace, E&P, LNG, Pipelines & CGD

Table of Contents

1. EXECUTIVE SUMMARY
2. OVERVIEW
   - India’s Energy Scenario; Role and Share of Natural Gas; Demand-supply Dynamics; Key Trends; Growth Drivers; Issues and Concerns; Upcoming Investment and Future Outlook
3. RECENT DEVELOPMENTS
   - New Discoveries and Recent LNG Contracts
   - Auctioning of Small and Marginal Fields
   - Exemption of LPG Subsidies for E&P Players
   - Natural Gas Pooling for Fertilizer Plants
   - Recent Authorisations to CGD Players
   - Subsidies for Gas-fired Power Plants
   - Domestic Pricing Decisions
   - Kelkar Committee Recommendations

SECTION I: MARKETPLACE (DEMAND, SUPPLY AND PRICE)
4. DEMAND
   - Recent Trends: Consumption
   - Industry-wise Offtake of Natural Gas
   - Demand Analysis of Key Consumers: Power, Fertiliser and City Gas Distribution
   - Industrial Demand for Gas
   - Demand Analysis of Key Consumers: Sponge Iron, Refineries & Petrochemicals, LPG and Captive Power
   - Growth Drivers and Constraining Factors
   - Demand Outlook and Projections (up to 2020)
5. SUPPLY
   - Recent Trends: Annual Natural Gas Production, Monthly Natural Gas Production and LNG Imports
   - Key Sources of Domestic Gas Supply – by States, Public Sector Undertakings, Private/Joint Venture Companies and Reliance Industries Limited
   - LNG Imports – Country-wise
   - Key Sources of Unconventional Gas
   - Key Drivers and Constraining Factors
   - Supply Outlook and Projections (upto 2020)
6. PRICING
   - Historical Trends; Structure of Gas Pricing; Domestic Gas Pricing – Recent Revisions; Gas Resource Potential
   - Domestic Gas Pricing – Impact on Commercial Volume, Investment in E&P Segment, Government Revenues & Key Consuming Sectors
   - Kelkar Committee Recommendations
   - LNG Contract Prices and Spot Prices

SECTION II: UPSTREAM: E&P INDUSTRY
7. RESERVES AND BASINS
   - Sedimentary Basins, Gas Reserves, Unconventional Hydrocarbon Resources, PEL and PML Areas, State-wise Gas Fields and Upcoming Blocks for Exploration
8. EXPLORATION AND PRODUCTION SCENARIO
9. NEW REVENUE SHARING MODEL
   - Current PSC Regime, Features of the New Model, Key Recommendations of Kelkar Committee and Key Concerns with the New Model
10. COAL BED METHANE
    - Reserves and Production, Review of Bidding Rounds, Production Outlook and Major Players
11. SHALE GAS PROSPECTS
    - Indian Shale Gas Deposit Estimates
    - Shale Gas Policy and Other Key Developments
    - Progress So Far and Initiatives Undertaken by Key Players
    - Issues and Concerns

SECTION III: MIDSTREAM: FOCUS ON LNG
12. EXISTING LNG INFRASTRUCTURE IN INDIA
    - Current Size and Growth
    - Key Players: Dahej, Hazira, Dabhol and Kochi LNG Terminals
13. LNG IMPORTS
    - India’s LNG Import Trend, Long-term LNG Contracts, GAIL’s LNG Contracts, Spot Contracts & Potential LNG Import Sources
14. RECENT PRICE DYNAMICS AND IMPACT
    - Global Price Trends, Recent Spot Price Trends, Impact on LNG Industry, Price Comparison with Domestic Fuel and Price Forecasts
15. UPCOMING LNG INFRASTRUCTURE
    - Upcoming LNG Terminals: Mundra, Gangavaram, Kamarajar, Pipavav, Kakinada, Mangalore and Jaigarh LNG Terminals
    - Projected LNG Regasification Capacity

SECTION IV: MIDSTREAM: FOCUS ON PIPELINE INFRASTRUCTURE
16. NETWORK SIZE AND GROWTH
    - Current Status of Pipeline Connectivity
    - Policy and Regulations
    - Major Projects Under Implementation
    - Key Issues and Major Players
17. FUTURE OUTLOOK
    - Key Drivers, Proposed Projects & Investments and Policy & Regulatory Outlook

SECTION V: DOWNSTREAM: CITY GAS DISTRIBUTION
18. MARKET SIZE AND GROWTH
    - Current Network Size and Consumption Levels
    - Growth in Last Five Years
    - Growth in Network – By State and Operator
    - Key Trends in CNG and PNG Segments
    - Key Growth Drivers and Constraining Factors
19. LICENSING, BIDS AND AUTHORISATIONS
    - Licensing Regime, Current Licensees, Status of First Three Rounds of Bidding, Update on Fourth Round and Expressions of Interest for the Fifth Round
20. CGD MARKET POTENTIAL AND PROJECTIONS
    - Projected Demand (Till 2030)
    - List of Identified Geographical Areas
    - Opportunities for CGD Players
    - Investment Projections
    - The Way Forward

The report is available along with a presentation in PDF format.
# Table of Contents

## SECTION I: OVERALL SECTOR ANALYSIS

1. **EXECUTIVE SUMMARY** ........................................

2. **OVERVIEW** ..................................................
   - Introduction
   - Biomass Potential
   - Size and Growth
   - Inter-state Comparison
   - Growth Drivers
   - Issues and Challenges
   - Emerging Trends
   - Conclusion

3. **POLICY AND REGULATORY FRAMEWORK** .............
   - Introduction
   - Policy and Legal Framework
   - Current Policy Guidelines
   - Regulatory Framework
   - State Initiatives
   - Issues and Challenges
   - The Way Forward

4. **FUEL SUPPLY AND LOGISTICS** .........................
   - Introduction
   - Current Scenario
   - Fuel Price Trends
   - Evolving Fuel Management Strategies
   - Conclusion

5. **COST ECONOMICS AND TARIFFS** ......................
   - Introduction
   - Cost Components
   - Indicative Capital Cost of Existing Plants
   - Biomass Energy Tariffs
   - Incentive Options Driving Project Economics
   - Conclusion

6. **EQUIPMENT AND TECHNOLOGY** .......................
   - Introduction
   - Key Technologies
   - Key Equipment
   - Market Overview
   - Issues and the Way Forward

7. **FINANCING** ..................................................
   - Introduction
   - Size and Growth
   - Sources of Funding
   - Equity Financing
   - Debt Financing
   - External Financing
   - Issues and Challenges
   - Future Outlook

8. **OFF-GRID BIOMASS** ........................................
   - Introduction
   - Size and Growth
   - Growth Drivers
   - Government Initiatives and Programmes
   - Biomass-based Microgrids
   - Conclusion

9. **FUTURE OUTLOOK** ...........................................
   - Introduction
   - Future Growth Drivers
   - Capacity Addition Outlook
   - Investment and Financing Outlook
   - Emerging Policy and Regulatory Framework
   - Conclusion

## SECTION II: PROJECTS AND DEVELOPERS

10. **PROJECT PROFILES** ...........................................
    - Rake Power Limited’s 10 MW Project in Nagpur
    - Usher Eco Power’s 16 MW Cogen Plant in Mathura
    - ASET’s 1.2 MW Gasification-Based Plant in Vadodara
    - MPPPL’s 4.5 MW Plant in Kirugavalu
    - Malwa Power’s 7.5 MW Plant in Muktsar
    - DEE Development’s 8 MW Plant in Fazilka
    - PBBPL’s 12 MW Plant in Patiala
    - SWIVPL’s 9.9 MW Project in Mohindergarh
    - Auro Mira’s 7.5 MW Plant in Pudukottai
    - KPTL’s 7.8 MW Plant in Ganganagar
    - Greenko’s 8 MW ISA Power Project in Dhamtari
    - STPPPPL’s 6 MW Plant in Beechpally
    - RRREL’s 18 MW Plant in Parmboor
    - MUUL’s 7.5 MW Plant in Raipur
    - Suryachakra Global’s 9.8 MW Plant in Janjgir
    - Abellon’s 9.9 MW Plant in Khas
    - GAPS Power’s 13 MW Plant in Shendra
    - OGPL’s 10 MW Plant in Narsinhapar
    - Chambal Power’s 7.5 MW Project in Kota
    - A.A. Energy’s 10 MW Project in Gadchiroli

11. **DEVELOPER PROFILES** .....................................
    - AllGreen Energy India Private Limited
    - Auro Mira Energy Company Private Limited
    - Bermaco Energy Limited
    - Clenergen India Private Limited
    - MPPL Renewable Energy Private Limited
    - Orient Green Power Company Limited
    - Shalivahana Green Energy Limited
    - Usher Eco Power Limited

12. **APPENDIX** ...................................................
    - The report is available along with a presentation in PDF format.
SECTION A: OVERALL SECTOR SCENARIO

1. EXECUTIVE SUMMARY

2. SECTOR OVERVIEW
   - Size and Growth
   - Industry Structure
   - Policy and Regulation
   - Investment and Financing
   - Tariff Trends
   - Solar RPOs
   - REC Market Trends
   - Issues and Challenges
   - Future Roadmap

3. RECENT DEVELOPMENTS
   - Recent Capacity Commissioned and Capacity Awarded
   - Recent Tenders
   - Central and State Policies
   - Regulatory Developments
   - Manufacturing
   - Key Financings

4. PROGRESS TOWARDS 100 GW
   - Government’s Objectives
   - Detailed Roadmap
   - Progress so far
   - Key Hurdles and Issues
   - Likely Achievement

5. STATE INITIATIVES
   - Experience so far
   - Current Capacity and Capacity Under Development
   - Upcoming Tenders/Awards
   - Inter-state Comparison
   - Issues and Challenges
   - Outlook and Projections

6. SECI’S INITIATIVES
   - Role in JNNSM, Solar Parks, Rooftop Projects, Pilot Projects and Future Plans

7. JNNSM REVIEW
   - Historical Review
   - Progress under Phase II: Viability Gap Funding, Bundling, Dollar-denominated Tariffs, CPSU Scheme, Etc.
   - Tenders and Timelines
   - Issues and Challenges

8. TARIFF TRENDS
   - CERC and SERCs-determined Tariffs
   - Tender-wise Analysis of Tariffs Realised
   - Future Expectations

9. FINANCING
   - Investment Trends
   - Debt and Equity Financing
   - Government Grants and Subsidies
   - Risks and Concerns

10. ECONOMICS OF SOLAR POWER
    - Capital Cost
    - Pricing Trends
    - Cost of Generation
    - Analysis of Returns

11. SOLAR ROOFTOP PROJECTS
    - Market Size and Growth
    - Key Trends: MW-scale Projects, Indian Railways’ Initiatives, Other Segments (Airports, Metro, etc.)
    - Net Metering Initiatives
    - Emerging Business Models
    - Issues and Challenges
    - Future Outlook

12. FOCUS ON OFF-GRID
    - Solar Irrigation Pumps
    - Solar Water Heaters
    - Solar Cooking
    - Solar Lighting
    - Solar Microgrids
    - Solar Air-Conditioning or Cooling
    - Telecom Towers
    - Case Studies
    - Challenges and the Way Forward

13. DOMESTIC MANUFACTURING
    - Key Trends and Developments
    - Installed Production Capacity
    - Plans and Investments
    - Issues and Challenges
    - Key Player Profiles

14. DEVELOPER PROFILES (LEADING PLAYERS)
    - Current Portfolio
    - Operational Performance
    - Financials
    - Project Pipeline
    - Future Plans

15. FUTURE OUTLOOK AND PROJECTIONS (TILL 2022)
    - Capacity Addition
    - Policy and Regulation
    - Domestic Manufacturing
    - Equipment Market
    - Emerging Technologies: Role of Storage Solutions, Forecasting and Scheduling
    - Costs and Tariffs
    - Investment Requirement

SECTION B: STATE PLANS AND PROGRAMMES

Each chapter will include information on solar policy and regulations, investment climate, capacity allocated, current status of projects, key risks and challenges & future outlook

16. GUJARAT
17. RAJASTHAN
18. KARNATAKA
19. TAMIL NADU
20. ANDHRA PRADESH
21. TELANGANA
22. MADHYA PRADESH
23. PUNJAB
24. MAHARASHTRA
25. OTHER STATES
   - Odisha, Kerala, Uttar Pradesh, Chhattisgarh, Haryana

The report will be available in PDF format along with a data-set.
# Table of Contents

## SECTION I: MARKET OVERVIEW

1. EXECUTIVE SUMMARY ............................................................

2. POWER SCENARIO IN INDIA ..................................................
   - Primary Energy Consumption in India
   - Current Capacity and Fuel Mix
   - Changing Role of Renewables
   - Plans and Targets
   - Issues and Challenges
   - Future Energy Requirements and Supply Options

3. WIND POWER OVERVIEW ....................................................
   - Segment Size and Growth
   - Key Enablers and Growth Drivers
   - Market Structure
   - Key Trends
   - Issues and Challenges
   - Outlook

4. KEY RECENT DEVELOPMENTS ...............................................  
   - Capacity Addition Trends
   - Regulatory Developments
   - Policy Developments
   - Key Financings
   - Recent Acquisitions
   - Key Emerging Trends
   - New Entrants

5. NEW GOVERNMENT POLICY AND ITS IMPACT .......................  
   - Industry Expectations
   - Key Initiatives so Far
   - Impact so Far and Future Outlook

6. REGULATORY FRAMEWORK ..................................................
   - Central Regulations
   - State Regulations
   - Issues and Challenges
   - The Way Ahead

7. STATE GOVERNMENT INITIATIVES .......................................  
   - Leading Wind Power States
   - State-wise Initiatives
   - Issues and The Way Ahead

8. TRANSMISSION AND EVACUATION INFRASTRUCTURE ...............  
   - Current Scenario
   - Green Corridors for Renewable Energy
   - Desert Plan 2050
   - State-wise Plans to Augment Renewable Power Evacuation Capacity
   - Investment Requirements
   - Issues and Challenges
   - The Way Forward

9. FINANCING .................................................................
   - Investment Trends
   - Key Financings
   - Private Equity and Venture Capital Investments
   - Issues and The Way Ahead

10. WIND POWER ECONOMICS: COSTS AND TARIFFS .................  
    - Cost Components
    - Indicative Capital Cost of Existing Plants
    - Wind Energy Tariffs
    - Incentive Options Driving Project Economics

11. RENEWABLE ENERGY CERTIFICATES ...................................
    - Operating Procedures and Mechanism
    - Volume and Price Trends
    - State-wise Analysis
    - Issues and Challenges
    - The Way Forward

12. WIND POWER GENERATION TECHNOLOGIES AND SOLUTIONS ....
    - Overview
    - Wind Turbine Generators
    - Key Market Trends
    - Technology Trends
    - The Way Forward

13. SMALL WIND MARKET ....................................................
    - Market Size and Potential
    - Growth Drivers
    - Issues and Challenges
    - Government Incentives
    - Key Players and Products

14. FUTURE OUTLOOK ......................................................
    - Wind Power Capacity Outlook and Projections
    - Policy and Regulatory Outlook
    - Offshore Wind
    - Outlook on Tariffs
    - Investment Requirements

## SECTION II: PROFILES OF KEY PLAYERS

15. WIND TURBINE GENERATOR MANUFACTURERS .........................  

16. IPP DEVELOPERS .............................................................
    - Share of IPPs in Wind Power Capacity

## SECTION III: PROJECT UPDATE

17. RECENTLY COMMISSIONED PROJECTS ...................................
    - By State, Project Size, Player Type, Turbine Manufacturer, Rated Capacity

18. PROJECT PIPELINE ......................................................
    - By State, Project Size, Player Type

19. APPENDIX .................................................................
    - The report is available along with a presentation in PDF format.
# Table of Contents

## SECTION A – MACRO ANALYSIS

1. COAL SECTOR OVERVIEW
   - Introduction
   - Size and Growth
   - Industry Structure
   - Policy and Regulation
   - Recent Developments
   - Key Consuming Segments
   - Issues and Concerns
   - Conclusion

2. CAPTIVE COAL MINING POLICY FRAMEWORK
   - Introduction
   - Guidelines & Conditions for Block Allocation
   - CAG Report and Implications
   - Rules for Auction of Coal Blocks by Competitive Bidding, 2012
   - Other Relevant Policies and Notifications
   - Policy Outlook

3. CAPTIVE COAL MINES ALLOCATION AND PRODUCTION TRENDS
   - Introduction
   - Coal Block Allocation History
   - Production Trends
   - Leading Producers
   - Allocation and Production by End-use
   - Conclusion

4. UPCOMING AUCTIONS
   - Introduction
   - Auction Methodology
   - Blocks on Offer
   - Likely Terms and Conditions
   - Timelines
   - Conclusion

5. COAL PRICING AND ECONOMICS OF CAPTIVE MINING
   - Introduction
   - Captive Coal Mining Costs
   - Coal Prices in Industry
   - Cost Comparison
   - Conclusion

6. MDOS
   - Introduction
   - MDO Model
   - Experience so far with MDOs
   - Future Opportunities
   - Issues and challenges
   - Conclusion

## SECTION B – PROJECT PROFILES

7. RISKS AND CHALLENGES
   - Introduction
   - Environmental and Forestry Clearances
   - Joint Allocation
   - Infrastructural Bottlenecks
   - Land Acquisition Constraints
   - Commercial Issues
   - Experience So Far
   - Conclusion

8. OUTLOOK
   - Introduction
   - Key Demand Drivers
   - Projected Demand and Production
   - Investment Projection
   - Conclusion

## SECTION B – PROJECT PROFILES

9. BLOCKS UNDER PRODUCTION
   - Introduction
   - Project Profiles

10. PROJECTS UNDER DEVELOPMENT
    - Introduction
    - Project Profiles

11. DE-ALLOCATED BLOCKS
    - Introduction
    - Project Profiles

12. APPENDIX
    - Introduction
    - Project Profiles

The report is available along with a presentation in PDF format.
1. EXECUTIVE SUMMARY

2. COST OF POWER IN KEY INDUSTRIES
   - Introduction
   - Key Trends in Industrial Power Tariff
   - Cost of Power for Key Industries
   - Cross-Industry Analysis
   - Cost Management Strategies
   - Future Outlook

3. GRID POWER TARIFFS
   - Introduction
   - Key Determinants and Drivers
   - Key Trends
   - HT Tariffs by State
   - LT Industrial Tariffs
   - ToD Tariffs
   - Outlook and Projections
   - Conclusion

4. COST OF CAPTIVE POWER GENERATION
   - Introduction
   - Coal-based Captive Power Plants
   - Gas-based Captive Power Plants
   - Liquid Fuel-based Captive Power Plants
   - Conclusion

5. COST OF TRADED POWER
   - Introduction
   - Short-term Power Market Overview
   - Trading Licensees
   - Power Exchanges
   - Outlook and Projections

6. COST OF RENEWABLE ENERGY OPTIONS
   - Introduction
   - Wind Power Plants
   - Solar Power
   - Biomass Power
   - Bagasse-based Power
   - REC Trading

7. FUEL COSTS: TRENDS AND OUTLOOK
   - Introduction
   - Coal
   - Gas
   - Diesel
   - Conclusion

8. EQUIPMENT COSTS
   - Introduction
   - Coal-based Power Plants
   - Gas-based Power Plants
   - DG Sets
   - Outlook and Projections

The report is available in presentation and traditional formats (PDF).
Solar Plant Performance in India 2015  
(December 2015)

No. of slides: 185  Price: Rs 50,000 (US $1,144) 

Table of Contents

1. SOLAR POWER SECTOR OVERVIEW  
   - Size and Growth  
   - Key Enablers for Segment Growth  
   - Recent Developments  
   - Assessment of Key Challenges  
   - Future Outlook

2. REVIEW OF SOLAR PLANT PERFORMANCE  
   - Details of Projects Tracked  
   - Performance of Plants Tracked  
   - Plant Performance by Year  
   - Distribution of Plants by CUF  
   - Plant Performance by Size  
   - Plant Performance by State  
   - Plant Performance by Technology and Developer Type

3. PLANT PERFORMANCE BY STATE  
   - Interstate Comparison  
   - Annual Trends  
   - Intra-state Comparison

4. PERFORMANCE BY PLANT SIZE  
   - Share of Projects by Plant Size  
   - State-wise Distribution of Projects in Different Project Categories  
   - Generation by Plant Size  
   - CUF by Plant Size  
   - Performance Analysis Based on Highest CUF Achieved  
   - Conclusion

5. PLANT PERFORMANCE BY TECHNOLOGY  
   - Level of Adoption of various Technologies  
   - State-wise Level of Adoption of various Technologies  
   - Plant Capacity-wise Level of Adoption of various Technologies  
   - Key Technology Providers – Crystalline Silicon  
   - Key Technology Providers – Thin Film  
   - Key Inverter Providers  
   - CUF by Technology-Type  
   - Conclusion

6. PLANT PERFORMANCE BY DEVELOPER TYPE  
   - Share of Capacity by Developer Type  
   - Performance of Plants developed by Integrated Solar Project Developers  
   - Performance of Plants developed by Independent Power Producers  
   - Performance of Plants developed by Power Generation Companies  
   - Performance of Plants developed by Diversified Players  
   - Comparative Performance Analysis  
   - Conclusion

7. PLANT PERFORMANCE BY DEVELOPERS  
   - Introduction  
   - Summary of Key Players  
   - Trends in Average Annual CUF  
   - Performance of Key Developers  
     - ACME Solar  
     - Adani Power  
     - Azure Power  
     - First Solar  
     - Hero Solar Energy  
     - Hindustan Cleanenergy Limited  
     - Lanco Infratech  
     - Maharashtra State Power Generation Corporation  
     - SunEdison  
     - Tata Power Renewable Energy Limited  
     - Welspun Renewables

8. PLANT PERFORMANCE BY MODULE MANUFACTURERS  
   - Overview  
   - Trends in Average Annual CUF  
   - Performance of Plants by Module Manufacturers  
     - BHEL  
     - Lanco Solar  
     - Moser Baer  
     - ReneSola  
     - Tata Power Solar  
     - Tina Solar  
     - Vikram Solar  
     - Waaree Energies

9. PLANT PERFORMANCE BY EPC CONTRACTORS  
   - Introduction  
   - Summary of Key EPC Players  
   - Trends in Average Annual CUF  
   - Performance of Key EPC Contractors  
     - Lanco Solar  
     - Larsen & Toubro  
     - Mahindra Susten  
     - Moser Baer  
     - Sterling & Wilson  
     - Tata Power Solar  
     - Vikram Solar  
     - Waaree Energies

10. PLANT PERFORMANCE BY YEAR OF COMMISSIONING  
    - Annual Trends in Generation/Net Exported Power  
    - Annual Trends in Capacity Utilisation Factor  
    - Seasonality Trends

11. CASE STUDIES  
    - Chhattisgarh Investment Limited (Chhattisgarh)  
    - KVR Construction (Jharkhand)  
    - Saisudhir Energy Limited (Andhra Pradesh)  
    - Jindal Aluminium Limited (Karnataka)  
    - Mahindra Suryaprakash Limited (Rajasthan)  
    - Hiraco Renewable Energy (Gujarat)  
    - Tata Power Renewable Energy Limited (Maharashtra)  
    - Adani Enterprises (Gujarat)  
    - Welspun Solar Madhya Pradesh Private Limited (Madhya Pradesh)  
    - Raigarh Solar (Madhya Pradesh)  
    - MSPGCL Sakri (Maharashtra)  
    - Azure Solar Private Limited (Rajasthan)

12. DATABASE OF PLANTS TRACKED  

The report is available in presentation (PDF) along with data-set.

# Table of Contents

## 1. SOLAR POWER OVERVIEW
- Introduction
- Size and Growth
- Key Trends and Developments
- Investment Requirements and Opportunities
- Issues and the Way Forward

## 2. REVIEW OF SOLAR PROJECT PERFORMANCE
- Introduction
- Generation/Net Exported Power
- Capacity Utilisation Factor
- Seasonality
- Issues and Challenges

## 3. PROJECT PERFORMANCE BY LOCATION
- Introduction
- Inter-state Comparison
- Intra-state Comparison
- Impact of Location on Project Performance
- Summing Up

## 4. PROJECT PERFORMANCE BY SIZE
- Introduction
- Project Size 1-5 MW
- Project Size over 5 MW
- Impact of Project Size on Performance
- Summing Up

## 5. PROJECT PERFORMANCE BY TECHNOLOGY
- Introduction
- Level of Adoption
- Technology Providers
- Inverter Providers
- Projects using Crystalline Silicon Technology
- Projects using Thin-Film Technology
- Projects using Crystalline and Thin-film Technology
- Impact of Technology on Project Performance
- Summing up

## 6. PROJECT PERFORMANCE BY DEVELOPER TYPE
- Introduction
- Share of Capacity by Developer Type
- Performance of Projects Developed by Integrated Solar Project Developers
- Performance of Projects Developed by Independent Power Producers
- Performance of Projects Developed by Power Generation Companies
- Performance of Projects Developed by Diversified Players
- Comparative Performance Analysis
- Summing up

## 7. PERFORMANCE OF SOLAR TRACKER-BASED PROJECTS
- Introduction
- Level of Adoption of Solar Tracker Technology
- Economics of using Solar Trackers
- Performance Analysis of Tracker-based Projects
- Conclusion

## 8. CASE STUDIES
- Introduction
- Narmada Canal-top Project
- Azure Solar, Nagaur
- SunEdison, Patan
- Tata Power, Mithapur
- Mahagenco, Sakri Project
- Adani Power, Kutch
- Acme Solar, Khambat
- Reliance Power, Dhursar
- Green Infra, Rajkot
- M and B Switchgears’ Rajgarh Project
- C&S Electric’s Bhiwani Project
- Mahindra Solar One, Rajasthan

## 9. DATABASE

The report is available along with a presentation in PDF format.
Table of Contents

SECTION I: OVERALL ANALYSIS

1. OVERVIEW
   - Introduction
   - Cross-segment Comparison
   - Investment Trends
   - Financing Trends
   - Growth Drivers
   - Risks and Mitigation Strategies
   - Conclusion

2. GOVERNMENT INITIATIVES
   - Introduction
   - Preferential Tariffs
   - Capital Subsidies
   - AD and GBI
   - Viability Gap Funding
   - Renewable Energy Certificates
   - Renewable Purchase Obligations
   - Conclusion and the Way Forward

3. DEBT FINANCE
   - Introduction
   - Types of Debt Finance
   - Sources of Debt Finance
   - Renewable Energy Portfolio of Select Domestic Financial Institutions
   - Renewable Energy Portfolio of Select International Funding Institutions
   - Risks and Challenges
   - Conclusion

4. PRIVATE EQUITY AND VENTURE CAPITAL
   - Introduction
   - Size and Growth
   - Recent Deals
   - Key Players
   - Risk Factors
   - The Way Forward

5. EMERGING FINANCING INSTRUMENTS
   - Introduction
   - Bridge Financing
   - Mezzanine Financing
   - Takeout Financing
   - Pooled Financing
   - Other Financing Instruments
   - Conclusion

6. FUTURE OUTLOOK
   - Introduction
   - Segment-wise Financing Requirement
   - Emerging Financing Trends
   - Financing Transmission Infrastructure
   - Conclusion

SECTION II: SEGMENT ANALYSIS

7. WIND POWER
   - Introduction
   - Size and Growth
   - Key Trends and Developments
   - Investment Requirements and Opportunities
   - Rates of Return
   - Recent Financings
   - The Way Forward

8. SOLAR POWER
   - Introduction
   - Size and Growth
   - Key Trends and Developments
   - Investment Requirements and Opportunities
   - Rates of Return
   - Recent Financings
   - Issues and the Way Forward

9. SMALL HYDRO
   - Introduction
   - Size and Growth
   - Key Players
   - Key Trends and Developments
   - Investment Requirements and Opportunities
   - Recent Financings
   - Issues and the Way Forward

10. BIOMASS
    - Introduction
    - Size and Growth
    - Key Trends and Developments
    - Investment Requirements and Opportunities
    - Rates of Return
    - Recent Financings
    - The Way Forward

11. APPENDIX
    The report is available along with a presentation in PDF format.
# Railways in India 2016 (January 2016) (Draft ToC)

## SECTION I: MACRO OVERVIEW AND ANALYSIS

### 1. OVERVIEW
- Size and Growth, Recent Policy Initiatives, Investment Requirement, Key Growth Drivers, Key Challenges, Outlook and Projections

### 2. RECENT DEVELOPMENTS AND INITIATIVES (2015-16)
- New Policy Announcements
- Restructuring of IR-Key Recommendations
- Project Completion and Approval
- Recent Initiatives and Other Key Developments

### 3. INVESTMENT PLANS AND FINANCING
- Investment Plan till 2019-20, Network Expansion and Decongestion, Rolling Stock, High-Speed Rail, Station Redevelopment, Safety and Expected Sources of Financing

### 4. IR FINANCES
- Sources of Revenue, Revenue Trends, Cost Contributors, Cost Trends, Profitability/Surplus and 2015-16 Budget Projections

### 5. MAKE IN INDIA
- Foreign Direct Investments in Railways
- Financial Support and Incentives
- Key Opportunity Areas and Big-ticket Projects
- Key Global Players in India
- Future Outlook

### 6. PPP OPPORTUNITIES
- Experience so Far, Policy Initiatives, Current PPP-based Projects, Future Projects and PPP Opportunities, Estimated Private Investments in Railways, Key Issues and Challenges

## SECTION II: SEGMENT ANALYSIS

### 7. FREIGHT TRAFFIC AND EARNINGS ANALYSIS

### 8. PASSENGER TRAFFIC AND EARNINGS ANALYSIS

### 9. FOCUS ON CONTAINERS

## SECTION III: RAILWAY MODERNISATION AND INFRASTRUCTURE EXPANSION

### 10. ROLLING STOCK
- Size and Growth
- Trends in Locomotives, Coaches and Wagons
- Production Units-Performance and Analysis
- Policy Framework for Private Players
- Key Trends and Developments
- Key Challenges
- Segment Outlook and Projections

### 11. TRACKS – NEW AND ELECTRIFIED
- Network Expansion (past five years)
- Targets and Achievements so Far
- Track Renewal and Maintenance

### 12. RAILWAY BRIDGES
- Size and Growth
- Bridges Profile-Design, Structure and Age
- Zonal Railway-wise Analysis
- Key Projects-Ongoing and Upcoming
- Key Challenges and the Way Forward

### 13. SIGNALLING AND TELECOMMUNICATIONS
- Size & Growth, Recent Initiatives, Key Challenges, The Way Forward

### 14. SAFETY
- Safety Performance, Global Comparison, Allocation of Funds, Recent Initiatives, Proposed Investment on Safety, Key Challenges and the Way Forward

## SECTION IV: NEW FOCUS AREAS

### 15. HIGH-SPEED RAIL
- Corridors under Consideration, Recent Developments, Short-term and Long-term Action Plan, Key Challenges, Opportunities and The Way Forward

### 16. STATIONS AND TERMINALS – NEW AND REDEVELOPMENT
- Size and Growth
- Policy Framework for Private Players
- Key Projects-Modernisation and Redevelopment Schemes
- Status of Station Redevelopment
- Multi-functional Complexes
- Segment Outlook and Projections

## SECTION V: UPDATE ON KEY PROGRAMMES

### 17. DEDICATED FREIGHT CORRIDOR
- Project Scope, Project Financing, Current Status, Key Milestones, Recent Developments, Key Challenges and Opportunities

### 18. NORTH-EAST RAIL CONNECTIVITY
- Current Network for North-East region (NER), Railway Investments in NER, Key Completed Projects, Ongoing and Upcoming Projects and Key Challenges

## SECTION VI: ANALYSIS OF PROJECT PIPELINE

### 19. KEY PROJECTS IN PIPELINE
- Project Pipeline-Overview and Analysis, New Projects Announced, Projects Under Construction, Key Challenges in Project Execution, Project Outlook and Expected Investments

## SECTION VII: PROFILES OF KEY PLAYERS PSUS

### 20. KEY RAILWAY PSUS PROFILES

The report will be available in presentation format (PDF).

Dredging in India (January 2015)

Table of Contents

SECTION I: OVERALL SECTOR SCENARIO

1. EXECUTIVE SUMMARY

2. OVERVIEW
   - Introduction
   - Market Size and Growth
   - Existing Policy and Fiscal Framework
   - FIDIC Guidelines – Role and Impact
   - Emerging Trends
   - Investment Needs and Requirements
   - Upcoming Projects and Investments
   - Market Opportunities
   - Outlook

3. RECENT DEVELOPMENTS
   - Introduction
   - Projects Completed
   - Projects Awarded
   - Acquisition of Dredgers and Other Equipment
   - New Technologies and Solutions
   - Conclusion

4. PROJECT PIPELINE
   - Introduction
   - Type-wise Analysis of Current Project Pipeline
   - Port-wise Analysis of Current Project Pipeline
   - Reasons for Project Delays
   - Market and Investment Opportunities
   - Conclusion

5. MARKET SIZE AND POTENTIAL
   - Introduction
   - Types of Dredgers
   - Market Size and Growth
   - Key Suppliers
   - Dredger Requirements and Projections
   - Requirement for Other Supportive Equipment
   - Indigenous Manufacturing – Experience So Far and Potential
   - Key Concerns
   - Outlook

6. ISSUES AND CHALLENGES
   - Introduction
   - Policy Issues
   - Tax-related Issues
   - Contractual Issues
   - Environmental Issues
   - Survey and Investigation Issues
   - Conclusion

SECTION II: SEGMENT ANALYSIS

7. MAINTENANCE DREDGING
   - Introduction
   - Need and Requirement
   - Port-wise Analysis

8. CAPITAL DREDGING
   - Introduction
   - Need and Requirement
   - Port-wise Analysis
   - Key Completed Projects
   - Key Ongoing and Upcoming Projects
   - Conclusion

SECTION III: DREDGING NEEDS IN OTHER AREAS

9. DREDGING IN INLAND WATERWAYS
   - Introduction
   - Overview of National Waterways
   - Experience So Far
   - Current and Upcoming Projects
   - Future Requirements
   - The Way Forward
   - Conclusion

10. DREDGING IN OTHER AREAS
    - Introduction
    - Experience So Far
    - Future Demand
    - Key Current and Upcoming Projects
    - Future Outlook

SECTION IV: PROFILES OF LEADING PLAYERS – DOMESTIC AND FOREIGN

11. PROFILES OF LEADING PLAYERS
    - Dredging Corporation of India
    - Adani Ports and Special Economic Zone Limited
    - Akash Dredging and Marine Services
    - Ardeshir B. Cursetjee and Sons Limited
    - Chellaram Shipping Private Limited
    - Dharti Dredging and Infrastructure Limited
    - IMS Ship Management Private Limited
    - International Seaport Dredging Limited
    - Maldar Dredgers and Salvagers Private Limited
    - Meka Dredging Company Private Limited
    - Mercator Limited
    - Rock and Reef Dredging Private Limited
    - Sahara Dredging Limited
    - Sea Eagle Dredging Marine Infrastructure Private Limited
    - Jan De Nul Group
    - Royal Boskalis Westminster N.V.
    - Van Oord

12. APPENDIX

The report is available along with a presentation in PDF format.
1. EXECUTIVE SUMMARY

2. SECTOR OVERVIEW
   - Size and Growth
   - Modal Split
   - Competitive Landscape
   - Recent Developments
   - GST and Likely Impact
   - Key Customer Segments
   - Upcoming Projects and Investments
   - Outlook and Projections
   - Issues and Challenges

3. SECTOR OUTLOOK AND PROJECTIONS (TILL 2020-21)
   - Growth Drivers
   - Policy and Regulatory Outlook
   - Freight Traffic Projections
   - Upcoming Projects and Investments
   - Market Opportunities

4. ROAD TRANSPORT
   - Segment Size and Growth
   - Trucking Industry
   - Policy and Regulatory Framework
   - Recent Government Initiatives
   - Industry Structure and Key Players
   - Recent Developments
   - Pricing Trends
   - Issues and Challenges
   - Outlook and Projections (till 2020-21)

5. RAIL TRANSPORT
   - Segment Size and Growth
   - Policy and Regulatory Framework
   - Recent Government Initiatives
   - Industry Structure and Key Players
   - Recent Developments
   - Pricing Trends
   - Issues and Challenges
   - Outlook and Projections (till 2020-21)

6. MARINE TRANSPORT
   - Segment Size and Growth
   - Policy and Regulatory Framework
   - Recent Government Initiatives
   - Industry Structure and Key Players
   - Recent Developments
   - Pricing Trends
   - Issues and Challenges
   - Outlook and Projections (till 2020-21)

7. AIR TRANSPORT
   - Segment Size and Growth
   - Policy and Regulatory Framework
   - Recent Government Initiatives
   - Industry Structure and Key Players
   - Recent Developments
   - Pricing Trends
   - Issues and Challenges
   - Outlook and Projections (till 2020-21)

8. EXPRESS LOGISTICS
   - Segment Size and Growth
   - Policy and Regulatory Framework
   - Recent Government Initiatives
   - Industry Structure and Key Players
   - Recent Developments
   - Pricing Trends
   - Issues and Challenges
   - Outlook and Projections (till 2020-21)

9. FOCUS ON EXIM
   - Size and Growth
   - Recent Developments
   - Growth Drivers
   - Future Outlook
   - Issues and Challenges

10. FOCUS ON E-COMMERCE
    - Size and Growth
    - Recent Trends and Developments
    - Logistics Needs and Requirements
    - Growth Drivers
    - Key Challenges

11. KEY CUSTOMER SEGMENTS
    Industries covered will include automobiles, pharmaceuticals, retail, FMCG, consumer durables and electronics, and food processing.
    - Size and Growth
    - Key Players
    - Logistics Needs and Requirements
    - Issues and Challenges
    - Segment Outlook

The report will be available in PDF format along with a data-set.

SECTION I: SECTOR PERFORMANCE AND OUTLOOK

1. EXECUTIVE SUMMARY

2. SECTOR OVERVIEW
   - Network Size and Growth
   - Traffic Trends
   - Policy and Institutional Framework
   - Key Implementation Models
   - Current Award and Bidding Scenario
   - Progress Report of the Last One Year
   - Major Players
   - Issues and Concerns

3. NEW POLICY INITIATIVES AND IMPACT
   - Recent Policy Announcements
   - Amendments to Existing Policies/Acts
   - Likely Impact on the Sector
   - Proposed Policy Changes
   - Industry Expectations and Key Concerns

4. SECTOR OUTLOOK AND PROJECTIONS (TILL 2020)
   - Growth Drivers
   - Project Awards: Central (MoRTH and NHAI), States
   - Expected Investments
   - By Mode of Development (PPP, EPC)

5. EPC EXPERIENCE AND OPPORTUNITY
   - Overall Experience, Targets versus Awards, Project Pipeline, Issues & Concerns, and EPC Outlook

6. EMERGING PPP MODELS AND OUTLOOK
   - PPP Experience So Far, Hybrid Annuity, Toll-operate-transfer, Industry Expectations, Project Pipeline (National and State Highways), Key Concerns and PPP Outlook

7. PROJECT ECONOMICS
   - Determinants of Project Viability
   - Cost Components (Capex, opex, etc.)
   - Tolling Revenues and IRRs
   - New Business Models
   - Key Risks

8. FINANCING IN THE CURRENT SCENARIO
   - Recent Trends: CDRs, Stressed Assets, Sale of Operational Assets, IPOs, Bond Issues, etc.
   - Funding Sources
   - Evolving Terms and Structures
   - Recent Financial Closures and Initiatives to Ease Financing
   - Investment Requirements (till 2020)
   - Opportunities for Investors and Key Concerns

9. PROJECT PERFORMANCE
   - Analysis of Key Projects, Time and Cost Overruns, Cost per-lane km, Traffic Revenues and Key Case Studies

10. PERFORMANCE OF KEY PLAYERS
    - Current Portfolio (PPP and EPC)
    - Progress Report of Projects (Completed, Ongoing, Stalled, Stressed)
    - Road Segment Revenue
    - Financial Performance
    - Key Financial Moves

11. OMT EXPERIENCE AND OPPORTUNITIES
    - Progress So Far
    - Industry Experience

12. EQUIPMENT AND MATERIAL MARKET
    - Tolling Methods and Technologies
    - Progress under ETC Implementation
    - New TOT Model
    - Key OMT Players
    - Market Outlook and Opportunities (till 2020)
    - Issues and Challenges

SECTION II: KEY GOVERNMENT PROGRAMMES

13. NHDP PROGRESS REPORT
    - Progress in 2015-16
    - Progress during FY2006-15
    - Current Bidding Scenario
    - Investment Mobilised
    - Project Pipeline
    - Issues and Challenges

14. ROAD DEVELOPMENT IN NORTHEAST
    - NHIDCL’s Mandate
    - Targets and Awards
    - Financing and Investment Strategy
    - Progress under SARDP-NE
    - Key Concerns

15. OTHER GOVERNMENT PROGRAMMES
    - Bharat Mala, Setu Bharatam, Char Dhaam Yatra, NHIIP, Etc.

SECTION III: STATE ROAD DEVELOPMENT

16. PROJECT PIPELINE AND OPPORTUNITY
    - Current Status (Inter-state Comparison)
    - Investment Plans and Requirements
    - State-wise Analysis of Project Pipeline
    - Investment Requirements and Outlook
    - Market Opportunities
    - Developers
    - EPC Contractors
    - OMT Players

17. PROFILES OF KEY STATES
    - Each state profile will cover road network, key agencies, policies and acts, projects under implementation, projects planned, etc.
    - Andhra Pradesh, Bihar, Chhattisgarh, Gujarat, Haryana, Himachal Pradesh, Jammu & Kashmir, Jharkhand, Karnataka, Kerala, Madhya Pradesh, Maharashtra, Odisha, Punjab, Rajasthan, Tamil Nadu, Telangana, Uttar Pradesh, Uttarakhand, West Bengal

SECTION IV: PROFILES OF LEADING PLAYERS

18. KEY PLAYERS
SECTION I: URBAN RAIL MARKET OVERVIEW AND OUTLOOK

1. EXECUTIVE SUMMARY

2. OVERVIEW
   - Introduction
   - Network Size and Ridership
   - Policy Framework
   - Financing Trends
   - Role of Private Sector
   - Key Sector Trends
   - Investment Needs and Requirements
   - Market Opportunities
   - Issues and Challenges
   - Future Outlook
   - The Way Forward

3. RECENT DEVELOPMENTS
   - Introduction
   - Projects Completed
   - Projects Approved
   - Key Contracts Awarded
   - Recent Financings
   - New Technologies and Solutions
   - Other Developments
   - Conclusion

4. NEW GOVERNMENT POLICY AND INITIATIVES
   - Introduction
   - New Government’s Approach to Urban Transport Policy
   - Stance on Metro Projects
   - Budgetary Support
   - Need for Multi-modal Transport
   - Focus on Urban Renewal
   - Conclusion

5. ECONOMICS AND FINANCING
   - Introduction
   - Experience so Far
   - Financing Models and Sources
   - Role of Multilateral and Other Organisations
   - Role of PPP
   - Investment Requirement
   - Economics of Metro Projects
   - Economics of Monorail/Light Rail Projects
   - Risks and Challenges
   - The Way Forward

6. SECTOR OUTLOOK AND MARKET OPPORTUNITIES
   - Introduction
   - Key Growth Drivers
   - Expected Network Size and Ridership (2016-17)
   - Project Pipeline (until 2020-21)
   - Projected Investment (until 2020-21)
   - Market Opportunities in Procurement of New Rolling Stock
   - Market Opportunities in Installation of Signalling and ITS
   - Market Opportunities in Fare Collection Systems
   - Market Opportunities in EPC
   - Key Concerns
   - The Way Forward

SECTION II: SEGMENT ANALYSIS

7. ROLLING STOCK
   - Introduction
   - Nature of Fleet
   - Market Size and Growth
   - Key Players
   - Key Contracts and Orders
   - Outlook and Opportunities

8. SIGNALLING AND ITS
   - Introduction
   - Technologies in Use
   - Market Size and Growth
   - Key Players
   - Key Contracts and Orders
   - Outlook and Opportunities

9. FARE SYSTEMS
   - Introduction
   - Type of Systems
   - Market Size and Growth
   - Key Players
   - Recent Contracts
   - The Way Forward

10. CONSTRUCTION
    - Introduction
    - Market Size and Growth
    - Metro structures - Tunneling and Elevated
    - Methods and Techniques
    - Key Contracts and Orders
    - Outlook and Opportunities

SECTION III: PROJECT PROFILES

11. OPERATIONAL URBAN RAIL PROJECTS
    - Delhi Metro Phase I & II
    - Bengaluru Metro
    - Kolkata Metro
    - Gurgaon Metro
    - Mumbai Metro
    - Mumbai Monorail

12. URBAN RAIL PROJECTS – UNDER CONSTRUCTION
    - Delhi Metro Phase III
    - Bengaluru Metro Phases I & II
    - Kolkata Metro
    - Hyderabad Metro
    - Chennai Metro
    - Gurgaon Metro Phase II
    - Jaipur Metro
    - Kochi Metro
    - Mumbai Metro
    - Navi Mumbai Metro
    - Mumbai Monorail
    - Lucknow Metro

13. URBAN RAIL PROJECTS-PLANNED
    - Pune Metro
    - Chandigarh Metro
    - Nagpur Metro
    - Bhopal Metro
    - Indore Metro
    - Patna Metro
    - Ahmedabad-Gandhinagar Metro Rail Project -Phase I
    - Kozhikode Light Rail
    - Thiruvananthapuram Light Rail
    - Bengaluru Monorail
    - Chennai Monorail

14. APPENDIX

The report is available along with a presentation in PDF format.
SECTION I: URBAN BUS TRANSPORT OVERVIEW AND OUTLOOK

1. EXECUTIVE SUMMARY

2. OVERVIEW
   - Size and Growth
   - Institutional and Policy Framework
   - Investment and Financing Pattern
   - Role of Private Sector
   - Use of Technology and ITS
   - Key Sector Trends
   - Issues and Concerns
   - The Way Forward

3. JAWAHARLAL NEHRU NATIONAL URBAN RENEWAL MISSION
   - Reforms Goals and Achievements
   - Financing Structure
   - Funding for Buses
   - Urban Bus Transport Projects under JNNURM
   - Recent Developments
   - The Way Forward

4. NEW GOVERNMENT PROGRAMMES
   - New Government’s Approach to Urbanisation
   - New Government’s Stance on Urban Transport
   - Budgetary Support
   - Need for Multi-modal Transport
   - Stance on City-bus Service Projects
   - Focus on Urban Renewal

5. MANAGEMENT/OPERATOR PERSPECTIVE
   - Goals and Objectives
   - Key Performance Benchmarks
   - Operational and Commercial Performance
   - Issues and Challenges
   - Potential Strategies

6. ECONOMICS OF BUS-BASED PROJECTS
   - Introduction
   - Key Cost Components
   - Revenue Sources and Analysis
   - Tariff Analysis
   - Taxes and Subsidies
   - Conclusion

7. FINANCING AND PPP
   - Investment Requirements
   - Current Funding Sources
   - PPP Models and Options

8. ROLLING STOCK AND ALLIED INFRASTRUCTURE
   - Introduction
   - Nature of Fleet
   - Market Size and Growth
   - Key Players
   - Recent Contracts and Orders
   - Market for Allied Infrastructure
   - The Way Forward

9. TECHNOLOGY AND ITS
   - Technologies in Use
   - Key Projects
   - Key Players
   - Recent Tenders and Contracts
   - Outlook and Investment Projections

10. FARE COLLECTION SYSTEMS
    - Overview
    - Technology Options

11. FUTURE OUTLOOK AND MARKET OPPORTUNITIES
    - Key Growth Drivers
    - Projects in Pipeline
    - Projected Investments
    - Market Opportunities
    - Issues and Concerns
    - The Way Forward

SECTION II: PROFILES-CITY-BUS SERVICE PROVIDERS

12. INTER-CITY COMPARISON
    - Fleet Strength
    - Fleet Utilisation
    - Vehicle Efficiency
    - Staff per Bus Ratio
    - Average Age of Fleet
    - Number of Accidents
    - Revenue per Bus per Day
    - Cost per Bus per Day
    - Net Profit/Loss

13. CITY-BUS SERVICE PROVIDERS
    - Ahmedabad Municipal Transport Services
    - Atal Indore City Transport Services Limited
    - Bangalore Metropolitan Transport Corporation
    - Brihanmumbai Electric Supply and Transport Undertaking
    - Calcutta State Transport Corporation
    - Chandigarh Transport Undertaking
    - Delhi Transport Corporation
    - Metropolitan Transport Corporation Limited (Chennai)
    - Pune Mahanagar Parivahan Mahamandal Limited
    - Amritsar City Transport Services Limited
    - Bhopal City Link Limited
    - Bhubaneswar-Puri Transport Services Limited
    - Jabalpur City Transport Services Limited
    - Jaipur City Transport Services Limited
    - Ludhiana City Bus Services Limited
    - Raipur City Bus Limited
    - Vadodara City Bus Service

SECTION III: PROFILES-BRTS

14. KEY BRTS PROFILES
    - Ahmedabad BRTS
    - Amritsar BRTS
    - Bhopal BRTS
    - Delhi BRTS
    - Indore BRTS
    - Jaipur BRTS
    - Kolkata BRTS
    - Naya Raipur
    - Pimpri-Chinchwad BRTS
    - Pune BRTS
    - Rajkot BRTS
    - Surat BRTS
    - Vijayawada BRTS
    - Visakhapatnam BRTS

15. APPENDIX
Table of Contents

1. EXECUTIVE SUMMARY

2. OVERVIEW
- India’s GDP and Trade Flow
- Overall Size and Growth
- Level and Key Drivers of Containerisation
- Key Trends
- Freight Rates
- Development in the Past One Year
- Impact of GST
- Key Issues and Challenges
- Industry Outlook and Projections

3. OUTLOOK AND MARKET OPPORTUNITIES
- Key Growth Drivers
- Capacity Augmentation Projects
- Traffic Projections
- Investment Requirements

4. PORTS
- Size and Growth
- Region-wise Analysis
- Existing Terminals
- Handling Charges
- Market Structure and Major Players
- Ongoing and Upcoming Projects
- Key Challenges
- Future Outlook

5. RAILWAYS
- Size and Growth
- Zonal Railway-wise Analysis
- Exim versus Domestic Traffic Movement
- Market Structure
- Existing Infrastructure/Network
- Major Players
- Analysis of Haulage Charges
- Key Challenges
- Segment Outlook and Projections
- Future Plans of Container Train Operators
- Growth Drivers

6. DEDICATED FREIGHT CORRIDOR
- Introduction
- Key Features
- Current Status and Timelines
- Traffic Outlook
- DMIC
- Impact of DFC
- Impact on Container Market
- Future Corridors

7. ROADS
- Current Scenario
- Existing Infrastructure
- Cost of Container Movement
- Market Structure and Major Players
- Key Challenges
- Segment Outlook and Projections

8. COASTAL SHIPPING/INLAND WATERWAYS
- Current Scenario
- Market Structure and Key Players
- Potential for Container Movement
- Potential Coastal Shipping Routes
- Key Government Initiatives
- Key Challenges
- Segment Outlook and Projections

9. REFRIGERATED CONTAINER TRANSPORT
- Size and Growth
- Existing Infrastructure
- Market Structure
- Government Initiatives
- Key Challenges
- Market Outlook and Projections
- The Way Forward

10. CFSS/ICDS
- Size and Growth
- Existing Infrastructure - State-and Ownership-wise Distribution
- Market Structure and Key Players
- Growth Potential
- Key Success Factors for CFSs and ICDs
- Key Challenges
- Upcoming Projects
- Segment Outlook and Opportunities

11. LOGISTICS PARKS AND FTWZS
- Size and Growth
- Existing Infrastructure
- Market Structure and Key Players
- Key Inhibitors and Drivers
- Growth Potential
- Key Challenges
- Upcoming Projects
- Market Opportunities

The report is available in a presentation format (PDF).
## Table of Contents

### SECTION I: CONSTRUCTION MARKET OVERVIEW

#### 2. MARKET SIZE AND GROWTH
- Size and Growth
- Demand from Infrastructure and Real Estate
- Key Policy Developments and Impact
- Construction Contracts
- Growth Drivers
- Issues and Concerns
- Outlook and Projections

#### 3. PROJECT PIPELINE AND MARKET OPPORTUNITIES
- Project Pipeline
- Status-wise Analysis of Project Pipeline
- Project Pipeline - Bidding/tendering stage
- Market Opportunities
- The Way Forward

#### 4. FINANCING NEEDS AND CHALLENGES
- Investment Requirements
- Funding Sources
- Financial State of Companies
- Opportunity for Investors
- Key Issues and Concerns

### SECTION II: CONSTRUCTION DEMAND - INFRASTRUCTURE & HOUSING

#### 5. ROADS AND BRIDGES

#### 6. PORTS

#### 7. POWER

#### 8. AIRPORTS

#### 9. WATER SUPPLY AND IRRIGATION

#### 10. URBAN TRANSPORT

#### 11. RAILWAYS

#### 12. HOUSING

#### 13. TUNNELS

### SECTION III: CONTRACTING CAPACITY AND PERFORMANCE

#### 14. MARKET SIZE AND KEY PLAYERS
- Current Market Structure
- Contractor Capacity
- Key Trends
- Key Issues
- Projected Size and Outlook

#### 15. INTER-CONTRACTOR PERFORMANCE
- Leading Players
- Order Books
- Revenues
- Debt Servicing
- Profits
- Key Ratios/Margins

### SECTION IV: EQUIPMENT MARKET

#### 16. SIZE AND GROWTH
- Current Size
- Market Segmentation by Product
- Policies Supporting the Growth of Equipment Industry
- Growth in Past Five Years (Production and Sales)
- Export and Import Trends
- FDI in Earthmoving Equipment Segment
- Market Structure and Key Players
- Capacity Additions and New Products by Key Players
- New Entrants/Key Deals
- Cost and Price Analysis
- Issues and Concerns

#### 17. LEASING AND RENTAL MARKET
- Evolution and Current Size
- Key Benefits and Enablers
- Market Structure and Key Players
- Recent Trends
- Future Potential
- Key Constraints

#### 18. FUTURE OUTLOOK AND PROJECTIONS
- Growth Drivers
- Projections of Key Equipment
- Upcoming Facilities
- Upcoming National Policy on Capital Goods and Engineering
- Market Outlook

### SECTION V: KEY MATERIALS

#### 19. CEMENT
- Key Consuming Segments
- Installed Capacity and Utilisation
- Production and Consumption Trends
- Cost Analysis
- Pricing Trends
- Market Structure and Key Players
- Demand Drivers
- Market Outlook and Key Projections

#### 20. STEEL
- Key Consuming Segments
- Installed Capacity and Utilisation
- Production and Consumption Trends
- Cost Analysis
- Pricing Trends
- Market Structure and Key Players
- Demand Drivers
- Market Outlook and Key Projections

#### 21. BITUMEN AND OTHER MATERIALS
- Production and Consumption Trends
- Market Structure and Key Players
- Price and Cost Analysis
- Other Key Materials
- Drivers for Future Growth
- Market Outlook and Key Projections

---

The report is available in a presentation format (PDF).
## Table of Contents

### SECTION I: SECTOR OVERVIEW

1. **EXECUTIVE SUMMARY**

2. **OVERVIEW**
   - Mineral Reserves and Production
   - Demand and Consumption
   - Exports and Imports
   - Key Players
   - Issues and Concerns
   - Outlook

3. **RECENT DEVELOPMENTS (LAST ONE YEAR)**
   - Capacity Addition
   - E-auction of Captive Coal Blocks
   - Resumption of Iron Ore Mining
   - Proposed Auction of Iron Ore Mines
   - Royalty Rates

4. **KEY POLICY DEVELOPMENTS**
   - MMDR (Amendment) Act 2015
   - Role of District Mineral Foundations (DMF)
   - Draft Minerals Concession Rules, 2015

5. **COAL BLOCK AUCTIONS**
   - Blocks Awarded So Far
   - Allottees
   - Bid Price Analysis
   - Present Status
   - Expected Production
   - Future Outlook

6. **INDUSTRY PERFORMANCE**
   - Key Players
   - Operational Performance
   - Financial Performance
   - Productivity Trends
   - Outlook

7. **PROJECT PIPELINE**
   - By Mineral
   - By State
   - By Development Stage
   - Under Development
   - Proposed

8. **OUTLOOK AND PROJECTIONS**
   - Demand-Supply Projections
   - Investment Outlook
   - Key Upcoming Projects
   - Policy Outlook
   - Issues and Challenges

9. **MARKET OPPORTUNITY FOR MDOS**
   - Advantages of MDO Model
   - Key Players
   - Recent Experience
   - Issues and Challenges
   - Outlook

10. **EQUIPMENT MARKET**
    - Market Size and Growth
    - Key Players
    - Key Trends and Developments

### SECTION II: TREND IN KEY MINERALS

11. **COST ECONOMICS**
    - Costs and Margins of Major Mining Companies
    - Trends in Capital Expenditure
    - Operating Expenses
    - Issues and Challenges
    - Outlook

### SECTION III: PROFILES OF LEADING MINING COMPANIES

12. **COAL**
13. **LIGNITE**
14. **BAUXITE**
15. **IRON ORE**
16. **OTHER METALLIC MINERALS**
17. **NON-METALLIC MINERALS**

### CD

The report will be available in a presentation format (PDF).
# Bridges, Flyovers and Elevated MRTS Structures

## Indian Market Outlook & Segment Analysis  
(January 2013)

### Table of Contents

<table>
<thead>
<tr>
<th>Topic</th>
<th>Sections</th>
</tr>

Price: Rs 45,000 (USD 1,033)
# Tunnelling in India (March 2016) (Draft ToC)

## Sector Trends, Outlook and Projections (2016-21)

### SECTION I – SECTOR OVERVIEW AND OUTLOOK

1. **OVERVIEW**
   - Size and Growth
   - Recent Developments (18-24 months)
   - Key Trends
   - Growth Drivers
   - Issues, Risks and Challenges
   - Market Opportunities
   - Outlook and Projections (till 2020-21)

2. **PROJECT PIPELINE**
   - By Sector (Metro Rail, Railways, Hydro, Roads and Highways, Irrigation, Water and Sewerage)
   - By Stage of Development (Under Construction, Awarded and Planned)
   - By State and Region
   - By Completion Period (till 2020-21, between 2020-21 and 2024-25)

3. **TUNNELLING METHODS AND TECHNIQUES**
   - Current Status (TBM, NATM, Drill and Blast, Micro-tunnelling, etc.)
   - Trends and Developments
   - Issues and Challenges
   - Future Outlook

4. **EQUIPMENT AND TECHNOLOGY MARKET SIZE AND OUTLOOK**
   - Size and Growth
   - Trends and Developments
   - Key Players and Market Shares
   - Recent Contracts
   - Import of Equipment
   - Issues and Challenges
   - Segment Outlook

5. **CONSTRUCTION MATERIALS**
   - Current Status (Concrete, Fibre, Geo-membrane, etc.)
   - Size and Growth
   - Trends and Developments
   - New Materials and Innovation
   - Segment Outlook

6. **KEY CONTRACTORS**
   - Size and Growth
   - Leading Players and Key Projects
   - Recent Contracts
   - Issues and Challenges
   - Opportunities for Contractors

### SECTION II – SEGMENT ANALYSIS AND PROJECTIONS (TILL 2020-21)

7. **METRO RAIL TUNNELS**
   - Size and Growth
   - Key Trends
   - Key Completed Projects
   - Ongoing Projects
   - Upcoming Projects
   - Recent Contracts
   - Key Contractors and Equipment Providers
   - Key Drivers
   - Outlook and Projections (till 2020-21)

8. **RAILWAY TUNNELS**
   - Size and Growth
   - Key Trends
   - Key Completed Projects
   - Ongoing Projects
   - Upcoming Projects
   - Recent Contracts
   - Key Contractors and Equipment Providers
   - Key Drivers
   - Outlook and Projections (till 2020-21)

9. **TUNNELS IN HYDRO POWER**
   - Size and Growth
   - Key Trends
   - Key Completed Projects
   - Ongoing Projects
   - Upcoming Projects
   - Recent Contracts
   - Key Contractors and Equipment Providers
   - Key Drivers
   - Outlook and Projections (till 2020-21)

10. **ROAD AND HIGHWAY TUNNELS**
    - Size and Growth
    - Key Trends
    - Key Completed Projects
    - Ongoing Projects
    - Upcoming Projects
    - Recent Contracts
    - Key Contractors and Equipment Providers
    - Key Drivers
    - Outlook and Projections (till 2020-21)

11. **IRRIGATION, WATER AND SEWAGE TUNNELS**
    - Size and Growth
    - Key Trends
    - Key Completed Projects
    - Ongoing Projects
    - Upcoming Projects
    - Recent Contracts
    - Key Contractors and Equipment Providers
    - Key Drivers
    - Outlook and Projections (till 2020-21)

### SECTION III – DATABASE OF PROJECTS

This will be a comprehensive excel-based database of tunnelling projects. Each project will include:
- Sector, State, Length, Project Cost, Current Status, Developer, Equipment Provider, Contractor, Tunnelling Method, Completion Date, Etc.

The report will be available in a presentation format (PDF).

India Infrastructure Research | 33
Smart Cities in India 2015 (May 2015)

Opportunities and Challenges: Hype and Reality

Table of Contents

SECTION I: SMART CITY - CONCEPT, PROGRAMME, EXPERIENCE AND CURRENT LANDSCAPE

1. SMART CITY: CONCEPT AND DEVELOPMENT ........................................
   - Definition of Smart City
   - Smart City Elements
     Smart Technology and Infrastructure; Smart Governance; Smart Planning; Smart Transportation; Smart Buildings; Smart Energy; Smart Water and Waste Management; Smart Safety and Security; Other Citizen Services (Education, Healthcare, etc.)
   - Key Drivers in India
   - Constraints and Challenges
   - Market Opportunities

2. 100 SMART CITIES SCHEME ...............................................................
   - Mission and Scope
   - Identification/Selection of 100 Smart cities
   - Desired Infrastructure/Instruments
   - Conditions Precedent: Eligibility Requirements
   - Specified Benchmarks and Goals
   - Pre-requisites and Procedure
     Citizen Reference Framework; Smart City Development Plan; Environmental Sustainability Plan; Approval Process; Evaluation and Allocation of Funds
   - Financing
     Possible Sources of Financing; Budgetary Support and Allocation; Role of Private Sector
   - Bilateral Partnerships
     Cooperation with Singapore; Cooperation with United States; Others
   - Other Government Support (policy support and capacity building)
   - Key Government Agencies
   - Assessment of Scheme
     Key Opportunities; Risks and Challenges; Key Success Factors
   - Inter-city Comparison

3. EXPERIENCE SO FAR: CASE STUDIES ..............................................
   - Smart City Projects in India
     Gujarat International Finance Tec-City (GIFT); Lavasa City; Other Projects
   - Selected Overseas Smart City Projects
     Amsterdam City Project, The Netherlands; Chengdu Smart City, China; Copenhagen, Denmark; Masdar City, Abu Dhabi; Santander, Spain; Seoul, Korea; Singapore; Tokyo, Japan; Jubail, Saudi Arabia; Smarter Dubuque, U.S.

4. NEW SMART CITIES ...............................................................................
   - New Smart City Projects
     Dholera, Gujarat; Shendra, Maharashtra; Greater Noida, Uttar Pradesh; Vikram Udyogpur (Uljiain), Madhya Pradesh; Garhi Harsaru (Gurgaon), Haryana; Bhiwadi-Neemrana, Rajasthan; Smart City Kochi, Kerala; Haldia, West Bengal; Others

5. ICT AND URBAN LOCAL BODIES: CURRENT STATUS AND FUTURE PLANS
   - Core Infrastructure
   - Budget and Spending
   - ICT Solutions and Application Areas

6. COMPETITIVE LANDSCAPE .................................................................
   - Overview
   - Key Players: System Integrators; Network Service Provider; Smart City Product Vendors; Managed Service Providers
   - New Product Development
   - Agreements, Partnerships and Collaborations

SECTION II: SMART CITY ELEMENTS - SEGMENTS AND MARKET OPPORTUNITIES

7. SMART TECHNOLOGY AND INFRASTRUCTURE ...................................
   - IT Hardware
   - Communication Network and Devices
   - Cloud Services
   - Data Storage
   - GIS/Mapping

8. SMART GOVERNANCE .......................................................................
   - Market Size and Potential
   - Experience so far: Key Projects
   - Key Technology Providers and Vendors
   - Key Segments
     Online Birth and Death Certificates; Bills and Payments; Building Plan Approvals; E-procurement and Monitoring; Health (licences, vaccination alerts, etc.); Accounting System; Personnel Information System; Citizens Grievances and Redressal; Others

9. SMART CITY PLANNING .................................................................
   - Market Size and Potential
   - Experience so far: Key Projects
   - Key Technology Providers and Vendors
   - Key Segments
     Consultancy Services; Computer-aided Planning; Information Management Systems; Others

10. SMART TRANSPORTATION ............................................................... 
   - Market Size and Potential
   - Experience so far: Key Projects
   - Key Technology Providers and Vendors
   - Key Segments
     Traffic Management System; Passenger Information System; Ticketing and Fare Collection; Parking Management System; Video Surveillance; Others

11. SMART BUILDINGS ..........................................................................
   - Market Size and Potential
   - Experience so far: Key Projects
   - Key Technology Providers and Vendors
   - Key Segments
     Security; Lighting Control; HVAC; Car Park Management System; Energy Management; Fire Security and Emergency Response

12. SMART ENERGY ................................................................................
   - Market Size and Potential
   - Experience so far: Key Projects
   - Key Technology Providers and Vendors
   - Key Segments
     Distribution Automation/Management System; Smart Meters and AMI; Micro-grid Management; Communication Solutions; Others

13. SMART WATER AND WASTE MANAGEMENT ..................................
   - Market Size and Potential
   - Experience so far: Key Projects
   - Key Technology Providers and Vendors
   - Key Segments
     Water SCADA; Smart Meters; Sensors; Others
     Key Segments: Waste Management
     GPS-based Vehicle Tracking; RFID Tags; Smart Bins; Mechanical Separation; Others

14. SMART SAFETY AND SECURITY .....................................................
   - Market Size and Potential
   - Experience so far: Key Projects
   - Key Technology Providers and Vendors
   - Key Segments
     Surveillance Systems; Critical Infrastructure Protection; Disaster/Emergency Management; Others

15. OTHER CITIZEN SERVICES ...............................................................
   - Market Size and Potential
   - Experience so far: Key Projects
   - Key Technology Providers and Vendors
   - Key Segments
     Smart Education; Smart Healthcare; Others

The report is available in a presentation format (PDF).
SECTION I: SECTOR ANALYSIS AND OUTLOOK

1. OVERVIEW
- Current State of Industrial Water Supply
- Key Sector Trends
- Key Recent Developments
- Future Outlook
- Issues and Challenges
- The Way Forward

2. WATER SUPPLY AND DEMAND
- Total Freshwater Resource Availability
- Principal Sources of Water Supply
- New Water Supply Sources
- Water Demand Across Sectors (Domestic, Industrial and Agriculture)
- Water Demand Outlook
- Demand Supply Balance

3. POLICY AND REGULATORY FRAMEWORK
- Industrial Water Consumption Norms and Standards
- Effluent Generation Norms and Standards
- Experience in Compliance to Norms and Standards
- National Water Policy, 2012
- Role of Central and Regional Pollution Control Boards
- Key Issues

4. SEGMENT SIZE AND GROWTH
- Industrial Water Requirement - by Industry
- Consumption Growth - by Industry
- Effluent Generation and Treatment
- Key Growth Drivers
- Future Outlook and Projections (Till 2020)
- Key Issues

5. TARIFFS AND COSTS
- Current Tariff Structure
- State-wise Tariff for Industrial Sector
- Trends and Recent Revision in Water Charges
- Proposed Model Cost Structure
- Water as an Input Cost - by Industry
- Issues and Challenges

6. TREATMENT TECHNOLOGY MARKET
- Treatment Technologies
- Market Size and Growth - by Value and by Volume
- Major Drivers
- Key Players
- Outlook and Opportunities

SECTION II: KEY INDUSTRIAL CONSUMERS

7. THERMAL POWER PLANTS
- Specific Water Consumption
- Current Water Requirement
- Projected Water Requirement
- Cost of Water
- Best Practices in Water Management
- Key Issues

8. TEXTILES
- Specific Water Consumption
- Current Water Requirement
- Projected Water Requirement
- Cost of Water

9. PAPER AND PULP
- Specific Water Consumption
- Current Water Requirement
- Projected Water Requirement
- Cost of Water
- Best Practices in Water Management
- Key Issues

10. OIL REFINERIES
- Specific Water Consumption
- Current Water Requirement
- Projected Water Requirement
- Cost of Water
- Best Practices in Water Management
- Key Issues

11. STEEL
- Specific Water Consumption
- Current Water Requirement
- Projected Water Requirement
- Cost of Water
- Best Practices in Water Management
- Key Issues

12. OTHERS (FERTILISERS AND CHEMICALS, CEMENT, ETC.)
- Specific Water Consumption
- Current Water Requirement
- Projected Water Requirement
- Cost of Water
- Best Practices in Water Management
- Key Issues

SECTION III: NEW WATER SOURCES

13. RECYCLE AND REUSE
- Experience so Far
- Current Practices
- Recycle and Reuse Potential
- Key Enablers
- Issues and Challenges

14. DESALINATION
- Size and Growth
- Major Drivers
- Technology and Economics
- Key Projects
- Key Players
- Issues and Challenges
- Segment Outlook

SECTION IV: PROJECT PROFILES

15. PROJECT PROFILES (UNDER IMPLEMENTATION AND UPCOMING)
Each project profile/case history will contain information on project scope, contractor, technology provider, capacity, capex, cost per unit, current status, project timelines, etc.
1. OVERVIEW
- Current State of Municipal Water Supply
- Key Sector Trends
- Recent Developments
- Investment Requirements
- Future Outlook and Opportunities
- Issues and Challenges
- The Way Forward

2. WATER SUPPLY AND DEMAND
- Total Freshwater Resource Availability
- Principal Sources of Water Supply
- New Water Supply Sources
- Water Demand Across Sectors (Domestic, Industrial and Agriculture)
- Water Demand Outlook
- Demand Supply Balance

3. POLICY AND INSTITUTIONAL FRAMEWORK
- Institutional Structure
- Current Norms and Standards
- Experience in Compliance to Existing Norms
- National Water Policy, 2012
- State Level Policies
- Key Issues

4. MUNICIPAL SEGMENT SIZE AND GROWTH
- Current Piped Water Supply Network
- Growth Trends
- Current Consumption
- Consumption Growth (by City-size)
- Geographic Analysis
- Sewage Generation and Treatment

5. PRICING AND TARIFF STRUCTURE
- Current Tariff Structure
- City-wise tariffs
- Tariff Trends and Recent Reforms
- Proposed Model Tariff Structure
- Cost of Water Supply in ULBs
- Issues and Challenges

6. IMPACT ASSESSMENT OF THE JNNURM
- Reform Goals and Achievements
- Impact on Water Supply and Wastewater Management
- Key Learnings

7. NEW GOVERNMENT PROGRAMMES AND INITIATIVES
- New Government Strategies on Water Supply and Wastewater Management
- Focus on Urban Renewal
  - 100 Smart Cities
  - Rejuvenation of Heritage Cities
  - Urban Renewal of 500 Habitations
  - Budgetary Support
  - Focus on Alternate Water Resources

8. FINANCING EXPERIENCE
- Financing Requirements
- Key Funding Sources
- Financing Trends
- ULB Finances
- Risks and Challenges

9. PPP EXPERIENCE AND POTENTIAL
- Formats and Models
- PPP Enablers
- Experience so Far (Completed and Under Implementation Projects)
- Case Studies-PPP Projects
- Key Learnings
- Risks and Challenges

10. 24X7 WATER SUPPLY
- Experience so Far
- Case Studies-24x7 Pilot Projects
- Key Learnings
- Planned Projects

11. METERING WATER SERVICES
- Current Scenario
- Recent Metering Initiatives
- Impact of Metering Water Services (Case Studies of Select ULBs)
- Market Opportunities
- Issues and Challenges

12. NON REVENUE WATER (NRW)
- Focus on NRW Reduction
- Current Levels of NRW
- Key Factors behind NRW
- Recent NRW Reduction Initiatives
- Issues and Challenges

- Key Growth Drivers
- Expected Water Demand in Cities
- Investment Requirements and Projections
- Project Pipeline (Under Implementation and Planned)
- Emerging Opportunities

14. PROFILES OF WATER UTILITIES
(These profiles will provide information on existing water network and infrastructure, sewage network and treatment capacities, performance across different service level benchmarks, recent projects, financial performance, etc.)
- Ahmedabad Municipal Corporation
- Bangalore Water Supply and Sewerage Board
- Chennai Metropolitan Water Supply and Sewerage Board
- Delhi Jal Board
- Hyderabad Metropolitan Water Supply and Sewerage Board
- Jaipur Municipal Corporation
- Kolkata Municipal Corporation
- Municipal Corporation of Greater Mumbai
- Pune Municipal Corporation
- Surat Municipal Corporation
- Etc.

15. KEY PROJECT PROFILES
(These profiles will contain information on implementing agency, project scope, nature of contract, project cost, key players, status, expected date of completion, etc.)
- Under Implementation
- Upcoming (bidding/preliminary stage)

The report is available in a presentation format (PDF).
# Municipal Solid Waste in India 2015

**Table of Contents**

## EXECUTIVE SUMMARY

## SECTION I – MARKET OVERVIEW AND OUTLOOK

### 1. SECTOR SNAPSHOT
- Current Status of Waste Generation
- Growth in Last Five Years
- State and City-Wise Analysis
- Key City Level Initiatives
- Waste Recovery and Recycle Potential
- Existing Policy and Institutional Framework
- Financing Initiatives
- Role of Private Participation
- Key Challenges

### 2. NEW GOVERNMENT PROGRAMMES/REGULATIONS
- Swachh Bharat Mission
- AMRUT
- Smart Cities Mission
- Draft Solid Waste Management Rules 2015
- Other Key Initiatives

### 3. INTER-CITY COMPARISON
- Generation
- Collection
- Treatment and Disposal
- Disposal
- Landfill Facilities

### 4. FINANCING OPTIONS AND STRUCTURE
- Experience So Far
- Key Funding Sources
  - Allocation from Central Government
  - State Government Budgetary Allocations
  - Multilateral Funding
  - HUDCO Loans
  - Municipal Bonds
- Subsidy and Incentive Structure
- Recent Innovations
- Issues and Concerns

### 5. MARKET OUTLOOK AND PROJECTIONS
- Growth Drivers
- Projections of Waste Generation
- Investment Requirements
- Project Pipeline
- Expected Capacity Addition
- The Way Forward

### 6. COST ECONOMICS
- Current Business Models
- Key Cost Components
- Revenue Sources and Cost Recovery
- Project Bankability
- Key Issues Impacting Project Performance
- Key Case Studies
- Risks and Mitigation Measures

## SECTION II – SEGMENT ANALYSIS

### 9. COLLECTION AND TRANSPORTATION
- Current Practices
- C&T Component under SBM
- C&T Expenditure
- Equipment and Technology
- Issues and Concerns

### 10. TREATMENT AND DISPOSAL
- Current Practices
- Scientific Disposal
- Key Technologies
- Integrated MSW Management
- Status of MSW Treatment
- SwachhBharat Mission and Disposal of MSW
- Issues and Concerns

### 11. WASTE TO ENERGY
- Existing Capacity
- Experience So Far
- Policies and Incentives
- Potential for Energy Generation
- Investment Opportunities and Key Projects
- Technology Options
- Issues and Challenges

## SECTION III – PROJECT PROFILES

### 12. KEY PROJECTS
- Under Implementation
- Bidding Stage
- Announced/Initial Planning Stage
- Stalled

---

The report is available along with a presentation in PDF format.
Table of Contents

SUMMARY AND THE WAY FORWARD

EXECUTIVE SUMMARY

SECTION I: SEWAGE TREATMENT MARKET OVERVIEW

1. SIZE AND GROWTH
   - Sewage Generation
   - Network Growth
   - Sewage Treatment Gap
   - Recent Trends
   - Policy and Regulatory Developments
   - Impact Assessment of the JNNURM
   - Key Players
   - Issues and Challenges
   - The Way Forward

2. NEW GOVERNMENT PROGRAMMES/INITIATIVES
   - AMRUT
   - Smart Cities Mission
   - Swachh Bharat Mission
   - National Mission for Clean Ganga

3. CITY-WISE ANALYSIS OF STPS: KEY METROPOLITAN CITIES (BY POPULATION)
   - City-wise analysis of STPs
   - Key City Profiles

4. FINANCING
   - Experience so far
   - Financing Requirements
   - Key Funding Sources
   - Recent Trends
   - Risks and Challenges

5. PPP EXPERIENCE AND POTENTIAL
   - Formats and Models
   - Experience so far
   - Key PPP Projects
   - PPP Enablers
   - Select Case Studies
   - Key Learnings
   - Constraining Factors

6. MARKET OUTLOOK AND PROJECTIONS
   - Key Growth Drivers
   - Expected Sewage Generation (till 2019-20)
   - Investment Projections
   - Current Project Pipeline
   - Emerging Opportunities

SECTION II: EMERGING SEGMENTS

7. RECYCLE AND REUSE
   - Applications & Standards for Reuse
   - Experience so far
   - Selected Case Studies
   - Potential for Treated Sewage Water Reuse
   - Upcoming Projects
   - Issues and Challenges

8. ENERGY FROM SEWAGE TREATMENT PLANTS
   - Existing Capacity
   - Experience so far
   - Relevant Technologies
   - Selected Case Studies
   - Potential for Energy Generation
   - Issues and Challenges

SECTION III: KEY PROJECTS

- Under Implementation
- Bidding Stage
- Announced/Initial Planning Stage
- Stalled

The report is available along with a presentation in PDF format.
SECTION I: INTRODUCTION AND SUMMARY

1. SURVEY DESIGN AND METHODOLOGY

2. ENTERPRISE MOBILITY: KEY FINDINGS, TRENDS, OUTLOOK AND PROJECTIONS
   - Enterprise Resource Planning
   - Customer Relationship Management
   - Supply Chain Management
   - Inventory Management
   - Business Intelligence
   - Field Force Management
   - Sales Force Automation

SECTION II: SURVEY FINDINGS - ENTERPRISE APPLICATIONS AND MOBILITY

4. ENTERPRISE RESOURCE PLANNING
   - Level of Adoption
     - Already Deployed
     - Considering Deployment within 12 months
   - Current Status of Mobilisation
     - Already Mobilised
     - Planning to Mobilise within One Year
     - Planning to Mobilise within Two Years
   - Industry-wise Analysis

5. FIELD FORCE MANAGEMENT
   - Being Used
   - Being Considered for Deployment in the Next Year
   - Analysis by Industry

6. SALES FORCE AUTOMATION
   - Being Used
   - Being Considered for Deployment in the Next Year
   - Analysis by Industry

7. CUSTOMER RELATIONSHIP MANAGEMENT
   - Level of Adoption
     - Already Deployed
     - Considering Deployment within 12 months
   - Current Status of Mobilisation
     - Already Mobilised
     - Planning to Mobilise within One Year
     - Planning to Mobilise within Two Years
   - Industry-wise Analysis

8. SUPPLY CHAIN MANAGEMENT
   - Level of Adoption
     - Already Deployed
     - Considering Deployment within 12 months
   - Current Status of Mobilisation
     - Already Mobilised
     - Planning to Mobilise within One Year
     - Planning to Mobilise within Two Years
   - Industry-wise Analysis

9. INVENTORY MANAGEMENT
   - Level of Adoption
     - Already Deployed
     - Considering Deployment within 12 months
   - Current Status of Mobilisation
     - Already Mobilised
     - Planning to Mobilise within One Year
     - Planning to Mobilise within Two Years
   - Industry-wise Analysis

10. BUSINESS INTELLIGENCE
    - Level of Adoption
     - Already Deployed
     - Considering Deployment within 12 months
    - Current Status of Mobilisation
     - Already Mobilised
     - Planning to Mobilise within One Year
     - Planning to Mobilise within Two Years
    - Industry-wise Analysis

SECTION III: SURVEY FINDINGS – MOBILE HANDSETS AND WORKFORCE

11. MOBILE WORKFORCE
    - Proportion of Workforce Classified as Mobile
    - Industry-wise Analysis

12. MOBILE PROVISION
    - Provision of Mobile Handsets
    - Nature of Provision
      - Company-owned Company-paid (COCP)
      - Individual-owned Individual-paid (IOIP)
      - Individual-owned Company-paid (IOCP)
    - Industry-wise Analysis

13. SMARTPHONE PENETRATION
    - By Device Type (Standard mobile handset, BlackBerry, iOS-based, Android-based)
    - Industry-wise Analysis

14. EXPENDITURE ON HANDSETS AND SERVICES
    - Price Paid for Handsets Offered by the Company
    - Average Monthly Expenditure on Service
    - Industry-wise Analysis

(In Sections II and III, industry-wise analysis will include Banking, Financial Services and Institutions, Education, FMCG, Government and Utilities, IT and ITES, Logistics and Transportation, Manufacturing, Media and Entertainment, Retail, Travel and Hospitality)

The report is available in presentation format.
# Table of Contents

## SECTION I: CURRENT FINANCING AND INVESTMENT SCENARIO

1. **SUMMARY**

2. **OVERVIEW**
   - Infrastructure Investment Requirements
   - Current Investment Appetite
   - Recent Trends in Funding Sources
   - Issues and Challenges & Outlook

3. **POLICY INITIATIVES AND EXPECTED IMPACT**
   - Strategic Debt Restructuring
   - Changes in FDI Norms
   - 5/25 Refinancing Scheme
   - Regulatory Changes in Bond Issuance
   - RBI Measures to Contain Policy Rates
   - Other Key Policy Changes
   - Likely Impact on Financing
   - Proposed Policies

4. **RECENT TRENDS AND DEVELOPMENTS (LAST 15 MONTHS)**
   - Investment Realised across Sectors
   - Key Financial Closures
   - Trends in Stressed Assets
   - Debt Restructuring
   - Sale of Operational Assets
   - Emerging Financial Models

5. **CDRS AND DEBT RESTRUCTURING**
   - Growth in CDR Numbers
   - Sector-wise Break-up of Stressed Assets
   - RBI’s SDR Scheme
   - Recent Companies Invoking SDR
   - Expected Impact of the Scheme
   - Key Challenges in Implementation

6. **MERGERS AND ACQUISITIONS**
   - Key Drivers, Recent Transactions, Key Acquiring Players, Sector-wise Potential, Outlook

7. **INVESTMENT PROJECTIONS AND SECTOR REQUIREMENTS (TILL 2020)**
   - Drivers of Growth, Infrastructure Project Pipeline, Investment Projections, Opportunities for Debt and Equity Players, Constraining Factors & Expectations from New Government Schemes/Initiatives

8. **EMERGING FUNDING SOURCES**
   - Insurance and Pension Funds: Experience so Far, Key Risks and Challenges & Measures Required to Enable Greater Participation
   - Infrastructure Debt Funds: Existing Debt Funds and their Performance, Policy Measures to Promote IDFs, New Fund Announcements & Key Constraints
   - INVeTS: Experience so Far, Terms and Structures & Key Risks
   - Asia Infrastructure Investment Bank
   - National Infrastructure Investment Fund

## SECTION II: FOCUS ON DEBT SOURCES

9. **COMMERCIAL BANK LENDING**
   - Size and Growth
   - Current Stance of Lenders
   - Recent Terms and Structures
   - Stressed Assets and Restructuring
   - Key Risks

10. **ECBS**
    - Size and Growth
    - Cost Comparison vis-à-vis Domestic Loans
    - Recent Terms and Structures
    - Key Risks

11. **BOND MARKET**
    - Size and Growth
    - Regulations and Terms
    - Experience so Far
    - Focus on Green and Masala Bonds
    - Challenges in Developing the Market
    - Measures Required to Deepen the Bond Market

12. **NBFCs**
    - Size and Growth
    - Current Financing Appetite
    - Recent Terms and Structures
    - Key Risks

13. **PUBLIC FINANCING INSTITUTIONS**
    - Size and Growth
    - Current Financing Appetite
    - Recent Terms and Structures
    - Key Risks

14. **INTERNATIONAL FUNDING AGENCIES**
    - Role of International Funding Agencies
    - Size and Growth
    - Recent Terms and Structures
    - Key Risks

## SECTION III: FOCUS ON EQUITY SOURCES

15. **PE TRENDS**
    - Current Stance of PE Investors
    - Trends in the Recent Past
    - New Opportunities for PE Investors
    - Key Players
    - Risk Perception
    - Returns Expectations
    - Key Concerns

16. **INITIAL PUBLIC OFFERINGS**
    - Current Environment for Infrastructure IPOs
    - Size and Growth
    - Sector-wise Analysis
    - Historical and Expected Returns
    - Follow-on Public Offers
    - Future Outlook

17. **QUALIFIED INSTITUTIONAL PLACEMENTS**
    - Current Environment for QIPs, Size and Growth, Sector-wise Analysis & Future Outlook

## SECTION IV: RECENT FINANCINGS

18. **KEY FINANCIAL CLOSURES**
    - Project Developer, Project Cost, Concession Period, Mode of Implementation, VGF/Grants, Debt Equity Ratio, Equity Contribution, Key Lenders, Average Cost of Financing & Tenure of Financing

---

The report will be available in PDF format.

SECTION I: OVERVIEW

1. COUNTRY OVERVIEW
   - Key Macroeconomic Indicators
   - Recent Policy Changes and Policy Framework
   - Infrastructure Size and Growth
   - Current Infrastructure Deficit
   - Myanmar’s SWOT Analysis

2. INVESTMENT POLICY FRAMEWORK
   - Brief Historical Overview
   - Current Policy Framework
   - New Foreign Investment Law
   - Myanmar Investment Commission
   - Investment Rules and Impact on Infrastructure
   - Taxation Regime and Other Key Investment Related Policies
   - Investment Treaties and Agreements
   - Key Constraints

3. FOREIGN INVESTMENT IN MYANMAR’S INFRASTRUCTURE
   - Experience So Far
   - Key Trends
   - Top FDI Contributing Countries
   - Key Players

4. FINANCING OPTIONS AND TRENDS
   - Funding Sources
   - Commercial Bank Lending
   - Multilateral and Bilateral Funding
   - PPP Experience
   - Emerging Sources of Finance
   - Key Risks and Challenges

5. MARKET AND INVESTMENT OPPORTUNITIES
   - Key Growth Drivers
   - Infrastructure Needs and Requirements
   - Market Opportunities and Investment Outlook

SECTION II: SECTOR-WISE ANALYSIS

6. ROADS AND BRIDGES
   - Size and Growth - Roads and Bridges
   - Key Agencies
   - Policy Framework, Pricing and Tariffs
   - Key Sector Trends
   - Market Structure and Key Players
   - Investment Projections
   - Project Pipeline and Market Opportunities

7. AIRPORTS
   - Size and Growth
   - Key Agencies and Policy Framework
   - Pricing and Tariffs
   - Market Structure and Key Players
   - Investment Projections
   - Project Pipeline - Under Implementation and Planning

8. PORTS
   - Size and Growth
   - Key Agencies
   - Policy and Legal Framework
   - Key Sector Reforms, Pricing and Tariffs
   - Market Structure and Key Players
   - Investment Requirement
   - Project Pipeline and Market Opportunities

9. POWER
   - Size and Growth
   - Power Sector Performance
   - Key Agencies
   - Policy Framework, Key Sector Reforms, Pricing and Tariffs
   - Market Structure and Key Players
   - Future Potential and Projections
   - Project Pipeline and Market Opportunities

10. OIL AND GAS
    - Size and Growth
    - Existing Infrastructure
    - Recent Bidding Rounds
    - Key Agencies
    - Policy Framework, Pricing and Tariffs
    - Market Structure and Key Players
    - Investment Plans of Key Companies
    - Project Pipeline and Market Opportunities

11. TELECOM
    - Size and Growth
    - Key Agencies
    - Policy Framework and Key Sector Reforms
    - Pricing and Tariffs
    - Market Structure and Key Players
    - Myanmar’s Tower Industry
    - Investment Plans
    - Market Opportunities - Market Liberalisation, Data Drive and Tower Industry

12. WATER AND SANITATION
    - Size and Growth
    - Water Supply and Sanitation in Yangon
    - Key Agencies
    - Policy Framework - Pre 2000 and Post 2000
    - Pricing and Tariffs
    - Market Structure and Key Players
    - Investment Projections
    - Market Opportunities and Project Pipeline

13. RAILWAYS
    - Size and Growth
    - Policy Framework
    - Pricing and Tariffs
    - Key Sector Trends
    - Market Structure
    - Investment Projections
    - Market Opportunities and Project Pipeline

14. SEZS/INDUSTRIAL ZONES
    - Size and Growth
    - SEZs in Myanmar - Location, Key Facts and Current Status
    - DaweiSEZ Timeline
    - Thilawa SEZ Timeline
    - KyaukpyuSEZ Timeline
    - Policy Framework
    - New Investment Rules for Thilawa SEZ
    - Key Agencies
    - Market Structure and Key Players
    - Market Opportunities and Project Pipeline

The report is available in presentation format (PDF).
# Table of Contents

## SECTION I: MACRO ANALYSIS

1. OVERVIEW
   - Introduction
   - Current State of Economy
   - Recent Infrastructure Growth (2009-13)
   - Current Infrastructure Deficit
   - Trade Growth
   - Expected Demand from Key Infrastructure Sectors
   - Key Infrastructure Programmes
   - Focus on Regional Development
   - Issues and Challenges
   - India’s Investment Experience in Africa
   - Outlook for Infrastructure
   - Conclusion

2. POLICY AND REGULATORY FRAMEWORK
   - Introduction
   - Existing Institutional Framework
   - Key Acts/Regulations Governing Infrastructure Sectors
   - Regulatory Reforms Across Sectors
   - Fiscal and Taxation Regime
   - Next Steps and The Way Forward

3. FINANCING OF AFRICAN INFRASTRUCTURE
   - Introduction
   - Investment Requirement
   - Financing Sources
   - Government Funding
   - Non-government Funding
   - Rising Share of Sovereign Wealth Funds
   - Role of Public-private Partnerships
   - Innovative Funding Sources
   - Financing Risk and Returns
   - The Way Forward

4. PRIVATE PARTICIPATION IN AFRICAN INFRASTRUCTURE
   - Introduction
   - Experience So Far
   - Sectoral Analysis
   - Upcoming Projects and Investments
   - Risks and Challenges
   - The Way Forward for PSP
   - Conclusion

5. FOREIGN PARTICIPATION IN AFRICAN INFRASTRUCTURE
   - Introduction
   - Financial Flows to Africa
   - Financing Partnerships with Countries
   - Upcoming Investments
   - Participation of Overseas Equipment Manufacturers
   - Conclusion

6. INDIAN EXPERIENCE SO FAR
   - Introduction
   - Bilateral Trade Growth Between India and Africa
   - Past and Current Investments
   - Sector-wise Interest
   - Indian Companies in Africa
   - Proposed Investments
   - Key Challenges
   - Experience of Indian Equipment Manufacturers and Service Providers
   - Conclusion

## SECTION II: SECTOR-WISE MARKET/INVESTMENT OPPORTUNITIES

(Each chapter includes information on existing infrastructure, growth in the last few years, policy framework, institutional structure, proposed investments, financing arrangements for the sector, key sector trends, major projects in pipeline, key sector challenges, investment opportunities for Indian developers and financiers, market opportunities for Indian equipment manufacturers and service providers)

7. ELECTRICITY

8. OIL AND GAS

9. ROADS

10. RAILWAYS

11. SEAPORTS

12. AIRPORTS/AIR TRANSPORT

13. ICT

14. WATER AND SANITATION

## SECTION III: COUNTRY PROFILES

15. COUNTRY PROFILES
   - Introduction
   - Algeria, Angola, Burkina Faso, Cameroon, Chad, Cote d’Ivoire, Democratic Republic of Congo, Egypt, Ethiopia, Ghana, Guinea, Kenya, Madagascar, Malawi, Mali, Morocco, Mozambique, Niger, Nigeria, Rwanda, Senegal, South Africa, Sudan, Tanzania, Uganda, Zambia, Zimbabwe
   - Other Country Profiles
     - Benin, Burundi, Liberia, Libya, Republic of Congo, South Sudan, Togo, Tunisia

16. APPENDIX

The report is available along with the presentation in PDF format.
# Table of Contents

**SECTION I: REGIONAL INFRASTRUCTURE OVERVIEW**

1. OVERVIEW ........................................
   - Introduction
   - Economic Growth in the Region
   - Infrastructure Growth in the Last Five Years
   - Trade and Openness
   - Current Infrastructure Deficit
   - Expected Demand from Key Infrastructure Sectors
   - Infrastructure Investment Projections and Outlook
   - Key Regional Infrastructure Programmes
   - Recent Policies and Reforms
   - Focus on Sustainable Infrastructure
   - Issues and Challenges

2. POLICY AND REGULATORY FRAMEWORK ........
   - Introduction
   - Key Acts/Regulations Governing Infrastructure Sectors
   - Existing Institutional Framework
   - Regulatory and Institutional Reforms Across Sectors
   - Fiscal and Taxation Regime
   - Next Steps and the Way Forward

3. FINANCING OF SOUTHEAST ASIAN INFRASTRUCTURE ........
   - Introduction
   - Overall Financing Requirement
   - Financing Sources
   - Government Funding
   - Non-government Funding
   - Rising Share of Sovereign Wealth Funds
   - Increasing Potential for Mergers and Acquisitions
   - Role of Public-private Partnerships
   - Innovative Funding Sources
   - Financing Risks
   - The Way Forward

4. PPP EXPERIENCE AND OPPORTUNITIES ........
   - Introduction
   - Policy and Institutional Framework
   - Experience So Far
   - Sector-wise Analysis
   - Proposed Investments
   - Case Studies
   - Project Pipeline
   - Risks and Challenges
   - The Way Forward for PPP

5. FOCUS ON REGIONAL/CROSS-BORDER INFRASTRUCTURE ........
   - Introduction
   - Investments So Far
   - Key Programmes/Initiatives
   - Key Ongoing Projects
   - Case Studies
   - Initiatives to Attract Cross-border Investments
   - Investment Requirement and Projected Investments
   - Constraints to Cross-border Infrastructure

6. FOREIGN INVESTMENTS IN SOUTHEAST ASIAN INFRASTRUCTURE . .
   - Introduction
   - Foreign Direct Investment
   - Participation from Top FDI Contributors
   - Proposed Investments
   - Initiatives to Encourage Foreign Investment
   - Participation of Overseas Equipment Manufacturers and Service Providers

**SECTION II: SECTOR ANALYSIS**

(Each chapter includes information on existing infrastructure, growth in the last few years, policy framework, institutional structure, proposed investments, financing arrangements for the sector, key sector trends, project pipeline, key sector challenges, investment and market opportunities)

7. ELECTRICITY ........................................
8. OIL AND GAS ........................................
9. ROADS ........................................
10. RAILWAYS ..........................................  
11. SEAPORTS ........................................
12. AIRPORT/AIR TRANSPORT ..........................  
13. URBAN TRANSPORT (METRO, LIGHT RAIL AND BUS RAPID TRANSIT SYSTEM) ........
14. ICT ........................................
15. WATER & SANITATION ..............................

**SECTION III: COUNTRY ANALYSIS**

16. INTER-COUNTRY COMPARISON ......................
   - Introduction
   - Country-wise Economic Scenario
   - Current Infrastructure
   - Growth in the Last Five Years
   - Expected Capacity Additions
   - Proposed Investments
   - Summary of Project Pipeline

17. COUNTRY PROFILES ..............................
   - Indonesia
   - Thailand
   - Malaysia
   - Singapore
   - Philippines
   - Vietnam
   - Myanmar
   - Brunei Darussalam
   - Cambodia
   - Lao People’s Democratic Republic (PDR)

18. APPENDIX ..........................................  

The report is available along with the presentation in PDF format.
**Opportunities in The Indian Defence Industry** (October 2015)  
No. of slides: 216  
Price: Rs 75,000 (USD 1,700)

### Table of Contents

**1. EXECUTIVE SUMMARY**  

**SECTION I: SECTOR OVERVIEW AND TRENDS**

**2. SIZE AND GROWTH**  

**3. BUSINESS AND POLICY ENVIRONMENT**  
- Policy, Fiscal and Regulatory Environment, Foreign Investments, Equity Investments and Tax Environment

**4. GOVERNMENT AND PRIVATE COLLABORATION**  
- Government Initiatives and Incentives  
- Industrial Licence - Ease of Norms  
- Private Sector Participation  
- Private Sector Participation Timeline  
- Private Players - Key Contracts and Partnerships  
- SWOT Analysis of Private Sector  
- Expectations from the Government  
- Intervention Areas for the Private Sector  
- Risk and Challenges

**5. PURCHASING POLICY AND PROCEDURES**  
- Procurement Procedures for Indian Defence Industry  
- Evolution of DPP and Key Elements of DPP 2013  
- Sourcing Categorisation and Analysis  
- Challenges in Procurement Process  
- Awaiting DPP 2015 - High Expectations  
- Inter-governmental Purchases and Bilateral Relations

**6. SECTOR OUTLOOK**  
- Short-term and Long-term Outlook  
- India Defence Industry - Market Size Projections  
- Projected Market Share  
- Competence Ladder and Framework

**SECTION II: SEGMENT ANALYSIS AND OPPORTUNITIES**

**7. OPPORTUNITIES IN DESIGN AND ENGINEERING**  
- India’s Defence R&D Landscape  
- Defence Research Allocation and Expenditure  
- R&D undertaken by DPSUs and OFB  
- Analysis of Major DRDO Projects - 10th, 11th and 12th Plan  
- DRDO 12th Plan Project Outlay  
- Systems - Inducted and Under-induction  
- Level of Indigenisation of R&D Activities  
- Delays in Project Execution  
- Private Sector Participation

**8. OPPORTUNITIES IN DEFENCE EQUIPMENT**  
- Capital Budget and Expenditure, Capital Expenditure Analysis and Budget 2015-16, Key Trends and Developments, Committed Liabilities and New Procurement, Under-utilisation of Capital Budget, Focus on Indigenisation, Indigenous Procurement and Imports, Foreign Content in Indigenous Products, JVs and MoUs, Defence Exports, Public and Private Sector, Production Capabilities, Role of MSMEs, Role of Private Sector, Force-wise Procurement and Modernisation, Projects, Outlook and Opportunities, Key Issues and Challenges

**9. DEFENCE ELECTRONICS**  
- Sector Overview, Market Size, Government Initiatives, Key Trends and Developments, Collaborations and Joint Ventures, Key Players, Defence Electronics Market Projections and Future Outlook

**10. FOCUS ON DEFENCE AEROSPACE**  
- Expenditure - Defence Aerospace, IAF Expenditure, Key Trends and Developments, Key Foreign Players, Key Indian Players, Collaborations and Joint Ventures, Key Contracts and Orders, Unmanned Combat Aerial Vehicles, Investment Potential and Opportunities, Immediate Opportunities and Future Outlook

**11. OPPORTUNITIES IN DEFENCE OFFSET**  

**SECTION III: PROFILES OF KEY PLAYERS**

**12. DEFENCE PUBLIC SECTOR UNITS (DPSUS)**  
- Bharat Dynamics Limited (BDL), Bharat Electronics Limited (BEL), BEML, Garden Reach Shipbuilders & Engineers Limited (GRSEL), Goa Shipyard Limited (GSL), Hindustan Aeronautics Limited (HAL), Hindustan Shipyard Limited (HSL), Mazagon Dock Limited (MDL), Mishra Dhatu Nigam Limited (MIDHANI)

**13. ORDNANCE FACTORY BOARD**  
- Overview of Ordnance Factories, Trends in Revenue and Capital Expenditure, OFB - Production of Defence Equipment, Cost of Production, Technology Collaborations and R&D Initiatives

**14. KEY PLAYER PROFILES**  
- Private Players: Ashok Leyland, Bharat Forge, Larsen & Toubro, Mahindra & Mahindra, Pipavav Defence and Offshore Engineering Company, Reliance Defence, Tata Group  
- International Players in India: Airbus Group India, BAE Systems, Boeing India, Honeywell Aerospace, Lockheed Martin, Thales  
- IT/ITeS companies in Defence Sector: Rolta, Tata Consultancy Service, Wipro, Quest, HCL

The report is available in presentation format (PDF).
Weekly Newsletters

India Infrastructure Publishing brings out weekly newsletters that cover the latest developments in infrastructure sectors such as power, oil & gas, infrastructure finance, ports & shipping, roads & bridges, urban water & sanitation, telecom and aviation.

These newsletters are sent every Monday morning via e-mail or fax to provide subscribers with accurate, reliable, up-to-date and comprehensive information on the key developments in these sectors during the previous week.

This service is indispensable for anyone involved with the infrastructure sectors: developers/operators of infrastructure projects (public or private sector), regulators, policymakers, financiers, bankers, consultants, legal specialists, equity analysts, contractors, equipment manufacturers, service providers, etc.

The newsletters offered and their primary focus areas are:

**Power News**

*Power News* covers the latest developments in the Indian power sector across all key segments – generation, transmission and distribution. The focus areas of this newsletter are government policy, project updates, legal and regulatory developments, contracts and orders, corporate news, financings and reform/restructuring developments.

**Oil & Gas News**

*Oil & Gas News* covers the latest developments in the Indian oil and gas sector in the upstream, midstream and downstream segments. The focus areas of this newsletter are developments in policy, exploration and production, downstream, LNG, transportation and finance. It covers news related to investments, contracts and orders, legal and regulatory affairs and corporate developments.

**Telecom News**

*Telecom News* covers the latest developments in the Indian telecom sector across all segments – fixed, wireless, broadband, long distance, satellite-based services, etc. The focus areas of this newsletter are government policy, legal and regulatory developments, contracts and orders, corporate news, sales promotion news, and new product/service introductions.

**Ports & Shipping News**

*Ports & Shipping News* covers the latest developments in the Indian ports and shipping sector. The focus areas of this newsletter are policy, deals, investments, contracts, plans, financings, projects, tariffs and other regulatory developments. It covers news related to major and minor ports, Indian and foreign shipping lines as well as related segments and sectors like rail connections, containers, etc.

**Roads & Bridges News**

*Roads & Bridges News* covers the latest developments in the Indian roads and bridges sector. Its scope includes national, state and key local projects. The focus areas of this newsletter are project updates, government plans and initiatives, contracts and orders, corporate news, financings, concessions and other agreements.

**Infrastructure Finance News**

*Infrastructure Finance News* covers the latest developments in the area of infrastructure finance. The focus areas of this newsletter are policy, equity moves, debt/bond issues, mergers and acquisitions, loans and credit, credit ratings, primary and public issues, joint ventures/agreements and financial results. The sectors covered include power, telecom, oil & gas, ports & shipping, roads & bridges, aviation, railways, urban infrastructure, water and housing. The lending institutions covered include financial institutions, nationalised banks, private banks, foreign banks, multilateral institutions and bilateral funding agencies.

**Aviation News**

*Aviation News* covers the latest developments in the Indian aviation sector. It covers both the airline and airport segments. The primary focus areas of this newsletter are infrastructure development, policy, investment, contracts and orders, privatisation and modernisation initiatives, promotional offers, financing and key statistics.

**Urban Water & Sanitation News**

*Urban Water and Sanitation News* covers policies, regulations, projects, finance, service providers, sanitation, and international news in the urban water development and sanitation sector. The newsletter will include a brief write-up on trends, project developments, key concepts, city profiles, relevant data, etc.

Annual subscription rate per newsletter is **Rs 21,000**. (Package rates available for subscription to more than one newsletter.)

India Infrastructure Research now offers custom research solutions.

Our core research team comprises over 30 highly qualified full-time professionals with masters or higher degrees in various fields such as economics, engineering and business. Our extended team includes a network of senior industry experts who support the core team on an as-needed basis. The team is headed by a senior professional with two decades of industry experience with international and national organisations.

We have an in-house archive of sector information and data on projects and companies spanning the last decade and a half. Our extensive knowledge and information base relating to the infrastructure sectors ensures greater insight, faster delivery time and competitive cost.

We accept assignments that do not conflict with our obligations as a publisher of industry magazines or involve competitive intelligence.

For more information on how India Infrastructure Research can provide customised solutions for your research needs, please contact:
