

NEWS BRIEFS 6

SPECIAL STORIES

Direct benefit transfers 16

Fiscal fix to end the distribution segment's subsidy challenges

Reviving pumped storage 20

Operationalising PSPs for grid stability

Reform roadmap 22

Uttar Pradesh's plans to turn around its power sector

Digitising energy 24

Imperative for a robust power system

COMPANIES

GETCO 26

Focus on grid modernisation and renewable energy integration

CSPDCL 30

Marking a turnaround

FINANCE

Stressed assets 32

MoP draws up strategies for stranded TPPs

Financial briefs 33

STATE FOCUS: JAMMU & KASHMIR

Looking up 36

Jammu & Kashmir takes steps to improve its power position

Distribution status 40

Focus on network strengthening and loss reduction

Transmission scenario 41

New ISTS projects could ease connectivity issues

Critical projects 42

Upcoming hydro and transmission projects in Jammu & Kashmir

FOCUS ON REGULATION

Changing needs 44

TSERC's initiatives to create a supportive regulatory environment

INDUSTRIAL POWER: HT CONSUMERS - RAILWAYS

On a fast track 46

IR ramps up rail electrification to reduce costs and meet emission norms

COMPANY RELEASE 51

FORUM

The way out? 52

Proposed changes to PPAs could help revive stressed assets

Views of Dr P.V. Ramesh 54

"REC has consistently demonstrated robust performance and will continue to do so"

Making power less pollutive 56

Need for a comprehensive implementation strategy for emission mitigation

Policy revisit 58

Need to strengthen implementation framework for early commissioning of ISTS projects

INFOCUS: IT & OT INTEGRATION

Making networks robust 62

IT/OT key to efficient system operations

Towards reliable power 64

Government schemes strengthen distribution through IT integration

Better monitoring 66

Implementing PMUs and WAMS to enhance grid visibility and management

Growing adoption 67

Smart grid technologies drive AMI uptake

Defence strategy 68

Addressing cybersecurity challenges for smart grids

Managing data 70

Gencos take technology initiatives

Smart route 72

Increasing IT/OT deployment drives growth in transcos

Adopting automation 76

Discoms integrate IT/OT solutions for better service delivery

Smart grid progress 80

Current status of pilot projects

SPECIAL SECTION: BTG EQUIPMENT

Picking up slowly 84

Recent developments could stimulate growth in BTG orders

Potential solution 88

Clean coal technologies crucial for reducing carbon emissions

Prolonging plant life 90

R&M market potential for BTG suppliers

Flexibilisation route 92

Key to optimising TPP operations

Projects under implementation 94

Coal projects by ownership, location, capacity and BTG supplier
