NEWS BRIEFS 6

SPECIAL STORIES
Forward looking 16
Setting the course for growth

Budget promises 18
A special package and reforms for the power sector

New model 22
NTPC, Powergrid form a pan-Indian discom to aid distribution reforms

Technology transition 24
Regulatory challenges for smart metering

Strong offshore winds 26
Developing countries present a huge untapped potential

COMPANIES
Sembcorp Energy India 30
Consolidates its energy businesses to pursue growth

BESCOM 32
High level of operational and financial performance

FINANCE
Costly capital 76
Need to re-engineer hydro financing

Financial briefs 78

INFOCUS: ENERGY MANAGEMENT AND EFFICIENCY
PAT scan 82
Cycle I surpasses target, scope enlarged for next cycles

Demand control 84
DSM steps to keep consumption in check

Wider scope 86
BEE’s S&L programme extended to achieve greater energy savings

Cutting emissions 88
TPPs invest in energy efficiency

Spotlight on LEDs 90
Energy efficient lighting solutions

Every unit counts 92
Industries adopt innovative approaches to reduce consumption

Energy efficiency efforts 94
IR cuts its costs and carbon footprint

Curbing consumption 95
ECBC compliance key to ensuring energy efficiency in buildings

SPECIAL SECTION: POWER GENERATION
Coal currents 36
TTPs continue to face demand and fuel challenges

Running dry 40
Inadequate gas supply hampering segment growth

Promoting hydro 42
Government takes policy initiatives but more efforts needed

Tracking nuclear 48
Trends and developments in the segment

Recharging renewables 50
Sector gears up for a mid-course correction

Installed renewable capacity 54
Current status, by state and segment

Outlook for captives 56
Growing share of CPPs despite fuel supply issues

Key statistics 60
Trends in installed capacity and generation

FORUM
Interview with Dr Ajay Mathur 64
“We will be able to meet the Paris targets”

Securing payments 68
MoP order on mandating LCs under PPAs aims to bring in discipline

Better power management 70
Optimal measures to bridge the demand-supply gap in Uttar Pradesh

Place for gas 74
A balanced energy mix needed to ensure supply-side flexibility

SPECIAL SECTION: TRANSFORMERS
Upward trend 98
Transformer market continues to grow

Improving outcomes 100
Technologies to make energy efficient transformers

Fall safe 104
Utilities invest in smart transformer technologies

Performance check 106
Key tests to identify and measure transformer health

FOCUS ON REGULATION
Reality check 109
POSOCO report assesses the ramping capability of coal-based units

INDUSTRIAL POWER: MOTORS AND DRIVES
Raising the bar 112
Switching to high efficiency motors for energy savings

SMART GRIDS
Electric mobility future 116
Mapping India’s transition to EVs

COMPANY RELEASE 118
